Ashoka University Career Development Office

Placement Committee Presents

Master VS Variant Resumes

In today's dynamic job market, crafting a compelling resume is more than just listing qualifications — it's about telling the right story to the right audience. This Resource Book is designed to help you understand and apply the concepts of a Master Resume and its tailored Variant Resumes, empowering you to present your best self in every application.

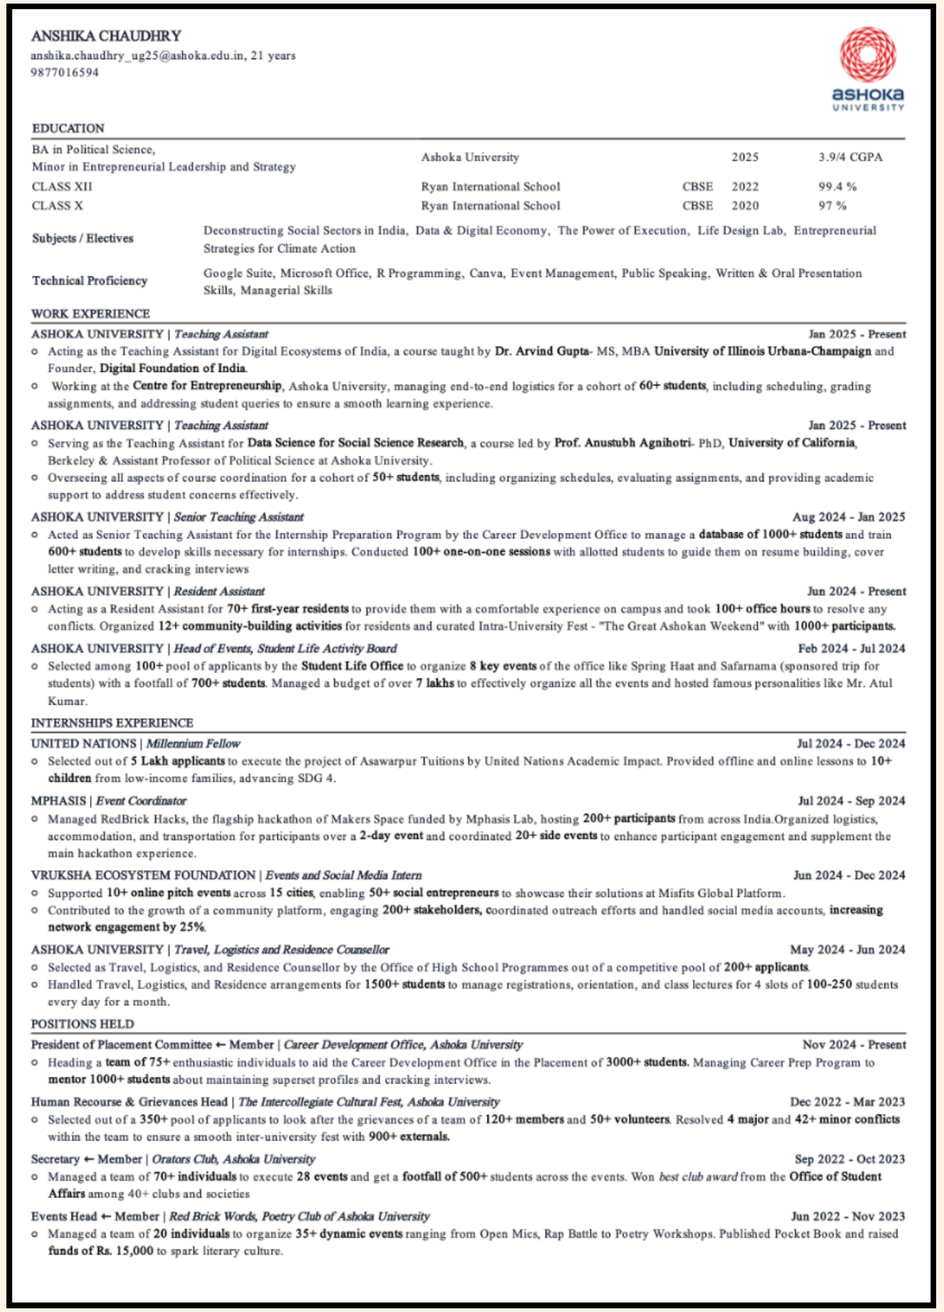

Feature	Master Resume	Variant Resume
Purpose	Comprehensive record of all experiences	Tailored for a specific job or role
Length	Can be longer (2 or more)	Concise (1 page max)
Content	Includes all roles, skills, achievements, and activities	Selects only relevant experiences and keywords
Audience	Personal use; a reference document	Employers and recruiters
Frequency of Update	Ongoing; updated regularly with new experiences	Updated per job application
Customization	None	Highly customized to the job description

ASHOKA UNIVERSITY | *Teaching Assistant* — **Aug 2024 - Dec 2024**
- **Managed logistics and operations** for a class of **200+ students**, ensuring seamless execution of processes to optimize learning outcomes.
- Organized and coordinated 12+ assessments, tracked student performance, and addressed concerns in 20+ office hours, improving academic efficiency.
- Collaborated with faculty to **streamline workflows, enhance process efficiency, and improve knowledge delivery models**.

HOMAGE | *Founder's Office Intern* — **Jun 2024 - Jul 2024**
- **Developed 5 strategic initiatives** to expand membership and brand outreach, leveraging insights from global leadership networks, resulting in a **12% membership growth.**
- Conducted **market research** on the economic landscape of Bihar, producing a report with 4 key policy recommendations for government investment strategy.
- **Analyzed 30+ years of aviation industry data**, identifying trends and key operational inefficiencies, leading to a **strategy roadmap for infrastructure improvements**.
- Presented **actionable insights to stakeholders**, enabling data-driven decision-making for future investments and market expansion strategies.

DBT STAR NANOBIOTECHNOLOGY LAB, DELHI UNIVERSITY | *Research Intern* — **May 2023 - Jun 2023**
- Designed and executed **4+ research projects**, applying quantitative analysis to test antimicrobial effects, enhancing problem-solving and experimental design skills.
- Optimized experimental methodologies, uncovering 2 significant findings, demonstrating **analytical thinking and structured problem-solving**.
- **Collaborated with a cross-functional team of 5 researchers**, refining methodologies to enhance efficiency and accuracy in data-driven research.
- Presented research findings with strategic recommendations, showcasing the ability to synthesize data into actionable insights.

POSITIONS HELD

Head of Department, Human Resources & Career Prep Programme | *Placement Committee* — **Dec 2024 - Present**
- Led a team of **10+ members** and managed grievances for **50+ individuals**, ensuring conflict resolution and operational efficiency.
- Collaborated with the Career Development Office to implement resume-building, group discussions, and soft skills training for **2000+ students**, enhancing career readiness.
- **Developed a database-driven program** to connect students with alumni mentors across industries, enabling personalized career guidance.

Consultant and Founding Member | *Ashoka Tech Consulting Group* — **Oct 2024 - Present**
- Scaled operations in the Strategy Vertical, growing the **firm to 50+ members** while managing project lifecycles and strengthening client engagement.
- Developed market entry strategies and brand positioning for **2+ startups**, integrating data-driven decision-making with consulting methodologies.
- Led business strategy and branding initiatives for NUDE, a streetwear brand, achieving a **15% inventory turnover improvement and a 10% markdown reduction**.

Head of CADI, Operations | *Shatranj, The Ent Weekender* — **Oct 2024 - Nov 2024**
- Directed key operations for the Committee Against Disciplinary Infraction (CADI) at the Entrepreneurship Fest, managing venue logistics and scheduling for **150+ participants** across multiple institutions.
- Developed contingency plans for **7+ competitions**, ensuring risk mitigation and real-time problem-solving.
- Worked with **6+ cross-functional teams** to enhance operational execution under tight deadlines.

Production Manager | *The Green Room* — **Sep 2022 - Dec 2024**
- Managed end-to-end production for **3+ theatrical productions**, overseeing logistics, operations, and budget allocation while leading **4+ teams**.
- Conducted **5+ workshops** for underprivileged children, applying strategic planning and creative problem-solving to enhance community impact.
- Coordinated competitive events with a focus on operational efficiency, resource allocation, and hospitality management.

EXTRA CURRICULAR ACTIVITIES

Theatre and Film Production
- Performed in multiple theatre productions across school and university, honing communication, confidence, and adaptability in dynamic environments.
- Directed and acted in Bombay, an independently produced web series on YouTube, demonstrating **creative leadership, project management, and team coordination**.

Competitive Sports – Shooting
- Member of the Ashoka University Shooting Team, demonstrating discipline, precision, and focus—skills essential for **high-stakes problem-solving and performance consistency**.

AWARDS AND ACCOMPLISHMENTS

Dean's List | *Ashoka University* — **2024**
- Awarded for scoring a SGPA (> 3.65/4) in Spring 2024 semester.

- Strategic **problem-solving** and **Data-driven decision-making** (trend analysis, forecasting, research-backed insights)
- **Efficiency optimization** (process improvements, workflow enhancements, stakeholder collaboration)

- **Creative Problem Solving**
  Theatre and film work demands thinking on your feet, adapting to last-minute changes, and delivering under pressure.
- High-Performance Under Pressure
  Competitive shooting **demonstrates mental resilience, consistency, and precision**—core traits for thriving in high-stakes consulting cases and tight deadlines.
- Communication & Presence
  Stage and screen performance **reflect clear communication, presence, and storytelling**—crucial for presenting insights and crafting persuasive narratives.

INTERNSHIPS EXPERIENCE

JAN JAGRAN SHAKTI SANGATHAN | *Research Intern* — Jun 2024 - Jun 2024

- Conducted field research in rural Bihar **across 200+ households in 9+ villages (2 districts)**, assessing **employment status in Dalit communities, health awareness in women & penetration of government schemes** (NREGA, PM Awas & PDS).
- Engaged in **grassroots activism**, collaborating with local unions to organize workers & **advocate for labor rights**.
- Adapted to resource-constrained environments, demonstrating resilience & problem-solving while driving **data-driven policy insights and** workshops.

NITI AYOG | *Research Intern* — May 2024 - Jun 2024

- Contributed a policy white paper on Health Tech in India under the Vice Chairpersons office, integrating data-driven insights from **15+ national reports**.

CENTER FOR ECONOMIC DATA AND ANALYSIS & CENTRE FOR TRANSLATION | *Development Intern* — Aug 2023 - May 2024

- **Optimised and enhanced interactive dashboards** for Ecometer, Agmarknet, and SEDP, enhancing data visualization and enabling seamless data queries for economic research, resulting in a **30% improvement in analytical efficiency**.
- **Developed a search engine** indexing **12,000+ translated books**, significantly improving accessibility for multilingual academic research, leading to a **40% increase in search efficiency** and **broader knowledge dissemination**.

ASHOKA UNIVERSITY | *Web Development Intern* — Aug 2023 - Oct 2023

Deployed a **search engine** for Ashoka University's Portal of Translated Literatures, enhancing accessibility and fostering cross-cultural exchange. Curated a database of over **12,000** books to support language diversity and promote global literary appreciation.

SAVELIFE FOUNDATION | *Data Analytics and Software Development Intern* — Jul 2023 - Aug 2023

- Applied data analytics to **200+ hours** of CCTV footage data on national corridors, identified **road safety violations** and recommended **policy adjustments**.
- Contributed to software solutions, improving **intra-company management & query-based analytics** for enhanced decision-making. Worked on Crash Investigation Data to build a system to provide **extremely quick answers** to natural queries in critical government meetings.

SARFAROSHI FOUNDATION | *Research Intern* — May 2023 - Jul 2023

- Led a socio-economic study by conducting **55+ qualitative interviews** in Kairana, producing a **baseline knowledge report** at the **district and parliamentary level** to analyze **post-2011 census demography**.
- **Met with key district level officials**—Magistrate, Chief Development Officer, Election Commission representatives —to get approvals, data and **propose policy recommendations**, shaping **advocacy strategies for the not-for-profit organization**.

SEQURETEK | *Malware Analyst and Research Intern* — Dec 2022 - Jan 2023

- Developed and deployed **real-time honeypot threat intelligence tools**, logging **1,000+ cyber-attack attempts** and analyzing **attacker behavior patterns**.
- Built a RESTful API to aggregate and visualize geographical **phishing attack data**, enhancing **cybersecurity response efficiency and study**.

BOMBAY STOCK EXCHANGE LTD (BSE) | *Cybersecurity Policy & Risk Management Intern* — May 2022 - Jul 2022

- Evaluated cybersecurity governance policies, assisting in **risk assessment frameworks** and **analyzing honeypot solutions** across 5+ vendor architectures.
- Attended consulting meetings and negotiations **with software vendors**, engaging with **outsourced security teams** to enhance corporate compliance.

PROJECTS

Understanding Religious Ghettoisation in Neighbourhoods Through Voter Lists and Machine Learning - Research — Nov 2024 - Present

- Developed a scalable pipeline for processing **voter lists using OCR, machine learning, and automated data scraping**, enabling demographic analysis at local, regional, and national levels. Developing further to combine with **satellite data on road networks, night light luminosity**, and open source map data [Link].

AI Based Plagiarism Predictor (Not Detector) - Machine Learning — Nov 2024 - Jan 2025

- Focussed on identifying **AI-generated and AI-edited** (humanized) content, distinguishing subtle patterns in AI-human mixed text.
- accuracy.
- Further optimised the supervised model using a primary dataset sourced from students with mixed AI-Human content.

Randomness Beacon - Research — Sep 2024 - Feb 2025

- Developed a real-time, publicly auditable randomness beacon using cryptographic hashing and entropy sources for secure, unbiased random number generation.
- Integrated a webcam-based entropy source, leveraging live video noise to enhance unpredictability.
- Built a Node.js-based backend with a Python-powered entropy computation module, ensuring high efficiency and security.
- Designed a public API for third-party applications to access verified random values, supporting research, cryptography, and fair decision-making.

A Study on Out-State Political Parachutes in India: Lok Sabha 2019 - Research — Oct 2023 - Jan 2024

- Analyzed political parachuting in Lok Sabha 2019, **studying 206 parachute candidates out of 8,157** to uncover candidate-constituency dynamics and electoral success correlations [Link].

IGNIS MUN – Backend Developer - Software Development — Feb 2022 - Apr 2022

- Developed an auto-mailing system & certificate generator, streamlining **100+ MUN** participation requests.

Phishing Detection (IJSER) - Research — Dec 2021 - May 2022

- Published research on phishing URL classification using decision trees and ensemble methods, achieving **90% accuracy**.

Endevr - Education Tech — Feb 2021 - Mar 2022

- Cofounded an ed-tech platform to connect tier 2 and tier 2 city students with projects, peers, digital learning resources and mentors.

POSITIONS HELD

Projects and Collaborations Head | *Placement Committee, Career Development Office* — Jan 2025 - Present

- **Developing a WhatsApp AI chatbot** for **3000+ students** to automate daily placement queries, **reduce office workload** and significantly enhance **real-time response efficiency**.
- Standardizing academic and career accommodations for **international students, and students with disabilities** tp improve student **satisfaction.**

Teaching Assistant | *Computer Science Department, Ashoka University* — May 2024 - Present

- Acting as Teaching Assistant for **130+ students** of **Introduction to Computer Science**, supporting **Prof. Debayan Gupta** (Yale) & **Prof. Aalok Thakkar** (UPenn).

Minister of Technology ← Deputy Minister of Technology | *Ashoka University Student Government* — May 2024 - Present

- Developed and spearheaded Ashoka's first university-wide student engagement platform, onboarding **3,645+ users** and facilitating **1,360+ cab requests**, **1,045+ course reviews**, and **200+ pool subscriptions**.
- Leading the mailroom project to digitize parcels in and out (**~600+** parcels every day) to reduce **staff hours, orphan packages, and inefficiencies by 40%**.
- Launched **14+ high-impact student initiatives**, including Semester Planner, Degree Tracker, Pool Cab, Borrow Emergency Assets, and WiFi Heatmap, achieving **95%+ student penetration and upto 13.5+ minutes of average engagement time**.

Senior Developer | *War Studies Society, Ashoka University* — Mar 2024 - Present

Founder & Vice-President | *Droid Club (Robotics), Independent Student Organization* — Jan 2024 - Present

Member, Development Vertical | *Computer Science Society* — Jan 2024 - Present

Chief Technology Officer | *Ashoka University Election Commission* — Dec 2023 - Present

- **Designed and deployed** a secure, transparent, and independently verifiable election platform for **2,800+ students** and recorded **1300+ votes** with 0% error. Conducted Ashoka Student Government's first digital election on a custom built platform improving user experience, enhancing privacy and security.

Head of Technology | *Ashoka Political Science Society* — Nov 2023 - Present

Head of Technology | *Ashoka Society for International Trade and Foreign Policy* — Oct 2023 - Present

Development Intern | *Center for Economic Data and Analysis, Centre for Translation* — Aug 2023 - May 2024

- Updated interactive dashboards for Ecometer, Agmarknet & SEDP, enabling data queries for economic research.
- Built a search engine indexing **12,000+** translated books, improving accessibility for multilingual academic research.

Deputy Minister of Technology | *Student Government, Ashoka University* — May 2023 - Present

Head of Technology | *Ashoka University* — Mar 2023 - Sep 2024

- Developed **TEDxAshoka Platform** – Optimized **SEO and PR strategies**, resulting in **a 45% increase in event registrations** while managing in-house systems for **bookings and communications**. Engineered a **Gamified Digital Treasure Hunt** for **300+ student participants**, enhancing user experience and event participation.
- **Designed, developed, and automated** websites for 6+ **societies and fests**, including the **Political Science, International Trade & Foreign Policy Society, 180 DC Consulting**, enhancing their digital accessibility and operational **efficiency by 30%**.

Campus Ambassador | *GeeksForGeeks* — Jan 2023 - Jan 2024

Member, Core Team | *Epigraph* — Sep 2022 - Aug 2023

Member, Core IT Team | *Banjaara Festival* — Sep 2022 - Feb 2023

Head of Technology | *TEDx Ashoka University* — Sep 2022 - Dec 2022

- Developed **TEDxAshoka Website** – Optimized **SEO and PR strategies**, resulting in **a 45% increase in event registrations** while managing in-house systems for **bookings, automated emailing, and communications**.

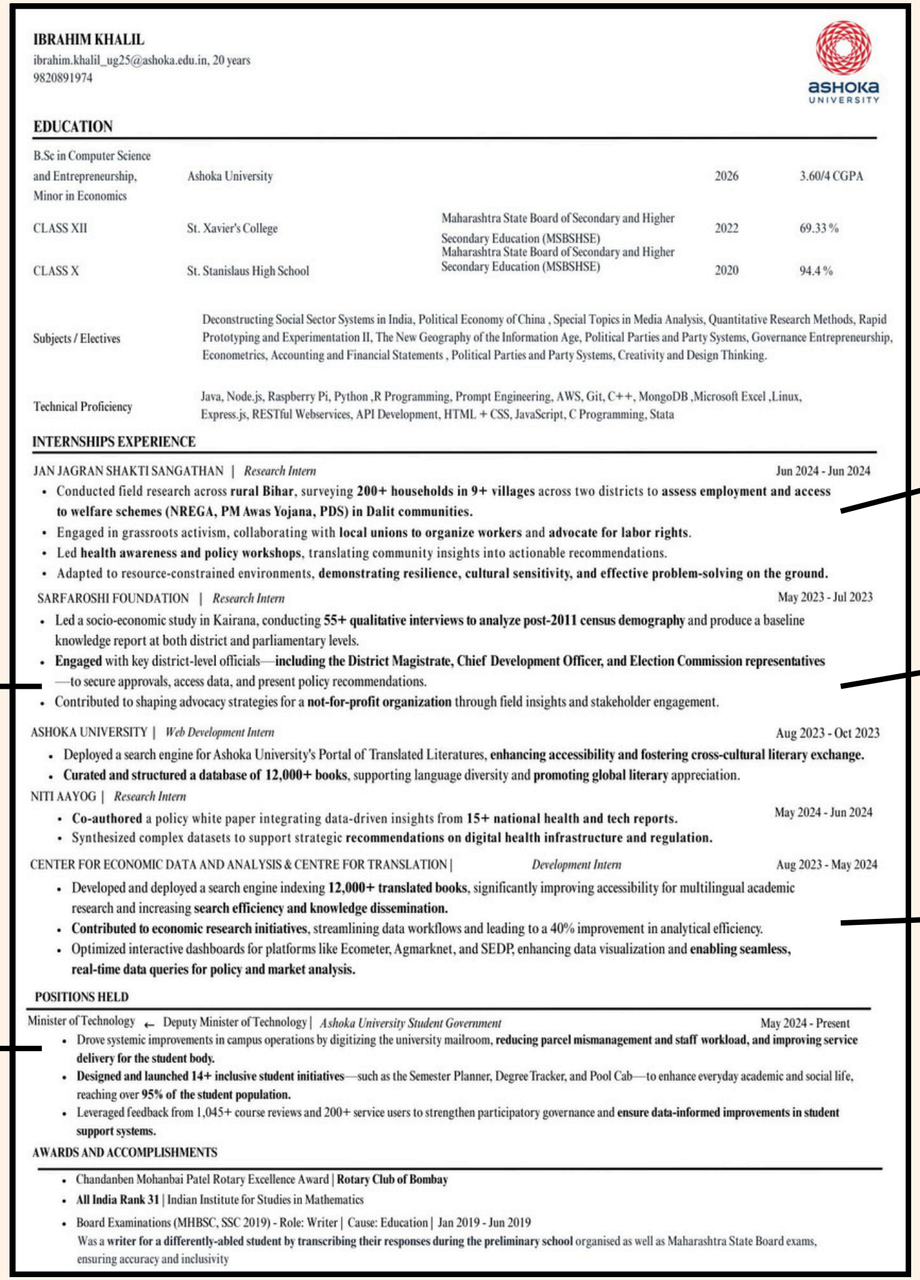

Placement Committee | Ashoka University Career Development Office

Variant Resume

SOCIAL IMPACT

- Highlighting role-specific organizations is important. Shows **alignment between your experience and the sector you're applying to.** It signals that you understand the field's landscape and values. **Mentioning relevant organizations demonstrates your credibility**, subject matter exposure, and networking within the community.

- **This showcases the ability to adapt to diverse requirements.** Reflects key values such as empathy, attention to detail, and social responsibility, all of which are highly sought after in roles focused on equity, accessibility, and social impact.

ASHOKA UNIVERSITY

EDUCATION

B.Sc in Computer Science and Entrepreneurship, Minor in Economics	Ashoka University		2026	3.60/4 CGPA
CLASS XII	St. Xavier's College	Maharashtra State Board of Secondary and Higher Secondary Education (MSBSHSE)	2022	69.33 %
CLASS X	St. Stanislaus High School	Maharashtra State Board of Secondary and Higher Secondary Education (MSBSHSE)	2020	94.4 %

Subjects / Electives: Deconstructing Social Sector Systems in India, Political Economy of China , Special Topics in Media Analysis, Quantitative Research Methods, Rapid Prototyping and Experimentation II, The New Geography of the Information Age, Political Parties and Party Systems, Governance Entrepreneurship, Econometrics, Accounting and Financial Statements , Political Parties and Party Systems, Creativity and Design Thinking.

Technical Proficiency: Java, Node.js, Raspberry Pi, Python ,R Programming, Prompt Engineering, AWS, Git, C++, MongoDB ,Microsoft Excel ,Linux, Express.js, RESTful Webservices, API Development, HTML + CSS, JavaScript, C Programming, Stata

INTERNSHIPS EXPERIENCE

JAN JAGRAN SHAKTI SANGATHAN | *Research Intern* — Jun 2024 - Jun 2024
- Conducted field research across **rural Bihar**, surveying **200+ households in 9+ villages** across two districts to **assess employment and access to welfare schemes (NREGA, PM Awas Yojana, PDS) in Dalit communities.**
- Engaged in grassroots activism, collaborating with **local unions to organize workers** and **advocate for labor rights**.
- Led **health awareness and policy workshops**, translating community insights into actionable recommendations.
- Adapted to resource-constrained environments, **demonstrating resilience, cultural sensitivity, and effective problem-solving on the ground.**

SARFAROSHI FOUNDATION | *Research Intern* — May 2023 - Jul 2023
- Led a socio-economic study in Kairana, conducting **55+ qualitative interviews to analyze post-2011 census demography** and produce a baseline knowledge report at both district and parliamentary levels.
- **Engaged** with key district-level officials—**including the District Magistrate, Chief Development Officer, and Election Commission representatives**—to secure approvals, access data, and present policy recommendations.
- Contributed to shaping advocacy strategies for a **not-for-profit organization** through field insights and stakeholder engagement.

ASHOKA UNIVERSITY | *Web Development Intern* — Aug 2023 - Oct 2023
- Deployed a search engine for Ashoka University's Portal of Translated Literatures, **enhancing accessibility and fostering cross-cultural literary exchange.**
- **Curated and structured a database of 12,000+ books**, supporting language diversity and **promoting global literary** appreciation.

NITI AAYOG | *Research Intern* — May 2024 - Jun 2024
- **Co-authored** a policy white paper integrating data-driven insights from **15+ national health and tech reports.**
- Synthesized complex datasets to support strategic **recommendations on digital health infrastructure and regulation.**

CENTER FOR ECONOMIC DATA AND ANALYSIS & CENTRE FOR TRANSLATION | *Development Intern* — Aug 2023 - May 2024
- Developed and deployed a search engine indexing **12,000+ translated books**, significantly improving accessibility for multilingual academic research and increasing **search efficiency and knowledge dissemination.**
- **Contributed to economic research initiatives**, streamlining data workflows and leading to a 40% improvement in analytical efficiency.
- Optimized interactive dashboards for platforms like Ecometer, Agmarknet, and SEDP, enhancing data visualization and **enabling seamless, real-time data queries for policy and market analysis.**

POSITIONS HELD

Minister of Technology ← Deputy Minister of Technology | *Ashoka University Student Government* — May 2024 - Present
- Drove systemic improvements in campus operations by digitizing the university mailroom, **reducing parcel mismanagement and staff workload, and improving service delivery for the student body.**
- **Designed and launched 14+ inclusive student initiatives**—such as the Semester Planner, Degree Tracker, and Pool Cab—to enhance everyday academic and social life, reaching over **95% of the student population.**
- Leveraged feedback from 1,045+ course reviews and 200+ service users to strengthen participatory governance and **ensure data-informed improvements in student support systems.**

AWARDS AND ACCOMPLISHMENTS
- Chandanben Mohanbai Patel Rotary Excellence Award | **Rotary Club of Bombay**
- **All India Rank 31** | Indian Institute for Studies in Mathematics
- Board Examinations (MHBSC, SSC 2019) - Role: Writer | Cause: Education | Jan 2019 - Jun 2019
  Was a **writer for a differently-abled student by transcribing their responses during the preliminary school** organised as well as Maharashtra State Board exams, ensuring accuracy and inclusivity

- By condensing the original points, you can **highlight your core contributions without overwhelming the reader with excessive detail.** Verbs like "Reconciled," "Assisted," and "Supported" clearly communicate the role, while retaining key metrics.

- It highlights the **ability to work with key stakeholders and engage with government officials,** showcasing your capacity to navigate complex bureaucratic structures.

- **Emphasize high-impact initiatives.** These projects specifically highlight your ability to drive change within an institution. Include **measurable outcomes** (e.g., 40% reduction, 95% student engagement) to showcase the tangible impact of your work. **Briefly describe the problem, your approach, and the outcome to illustrate how your contributions led to positive results.**

INTERNSHIPS EXPERIENCE

BOMBAY STOCK EXCHANGE LTD (BSE) | *Cybersecurity Policy & Risk Management Intern* — May 2022 - Jul 2022
- Supported comprehensive data-driven evaluations of **cybersecurity policies and risk frameworks across 5+ vendor systems**.
- Analyzed evolving compliance metrics and **threat intelligence data from honeypot solutions** to identify potential security gaps.
- **Collaborated closely with vendors** and outsourced technical teams to **improve security reporting and governance practices.**

NITI AAYOG | *Research Intern* — May 2024 - Jun 2024
- Co-authored a detailed policy white paper collaboratively **integrating data-driven insights from 15+ national health and tech reports.**
- **Synthesized complex quantitative data sets** effectively to support strategic recommendations on digital **health infrastructure and regulation**.

CENTER FOR ECONOMIC DATA AND ANALYSIS & CENTRE FOR TRANSLATION | *Development Intern* — Aug 2023 - May 2024
- Led economic research initiatives, resulting in a **30% improvement in analytical efficiency** through streamlined data workflows.
- **Developed a custom search engine indexing 12,000+** translated books, increasing search efficiency and enabling broader knowledge dissemination for multilingual academic research **(40% boost in accessibility)**.
- Optimized interactive dashboards for platforms like **Ecometer, Agmarknet, and SEDP, enhancing data visualization** and enabling seamless, real-time data querying for policy and market insights.

SAVELIFE FOUNDATION *Data Analytics and Software Development Intern* — Jul 2023 - Aug 2023
- **Transformed 200+ hours of highway CCTV footage into actionable insights**, uncovering safety violations and driving real-time policy changes.
- **Built a rapid-response query system** to deliver instant answers during high-stakes government meetings, boosting decision-making speed.
- Streamlined internal operations by **enhancing data tools for smarter analytics and smoother team coordination.**

SEQURETEK | *Malware Analyst and Research Intern* — Dec 2022 - Jan 2023
- **Built a RESTful API** to aggregate and visualize geo-tagged phishing attack data, **improving cybersecurity response and threat analysis.**
- **Developed and deployed real-time honeypot intelligence tools**, capturing 1,000+ attack attempts and uncovering attacker behavior trends.

PROJECTS

Minister of Technology ← Deputy Minister of Technology | *Ashoka University Student Government* — May 2024 - Present
- **Designed and launched Ashoka's first university-wide engagement platform**, onboarding **3,645+ users**, facilitating **1,360+ cab requests**, and **powering 14+ student-led tools** including a Semester Planner, Degree Tracker, and WiFi Heatmap.
- **Achieved 95%+ student penetration** and an average engagement time of **13.5+ minutes per session.**
- Led the Mailroom Digitization Project, streamlining parcel management for 600+ daily packages, **reducing orphan parcels and staff hours by 40%.**
- Collected and **analyzed 1,045+** course reviews and grew pool subscription services to **200+, driving data-backed service improvements across campus.**

Teaching Assistant | *Computer Science Department, Ashoka University* — May 2024 - Present
- Supporting **Prof. Debayan Gupta (Yale) & Prof. Aalok Thakkar (U.Penn)**
- Assisting in **instruction and academic support for 130+ students,** covering core concepts in **programming, algorithms, and computational thinking**.
- Collaborating with faculty to design assignments, clarify technical content, and provide hands-on guidance during labs and office hours.

- This experience clearly demonstrates key skills for a Data Analyst role, **including data analysis, data visualization, and problem-solving.** When crafting a resume for this role, it's important to **highlight measurable impacts, showcase your technical skills and emphasize how your work directly contributed to data-driven decisions and outcomes.**

- **Why include your Teaching Assistant role:**
  Shows more than just technical skills—**highlights ability to communicate complex ideas, collaborate** , and teach foundational concepts in computer science. These are essential traits for data analysts, who often need to explain data-driven insights to non-technical stakeholders, work across teams, and apply strong logical thinking. I**t portrays you as someone not just good with data, but also great at working with people and solving problems.**
