How can a student raise a ticket to Superset Support?

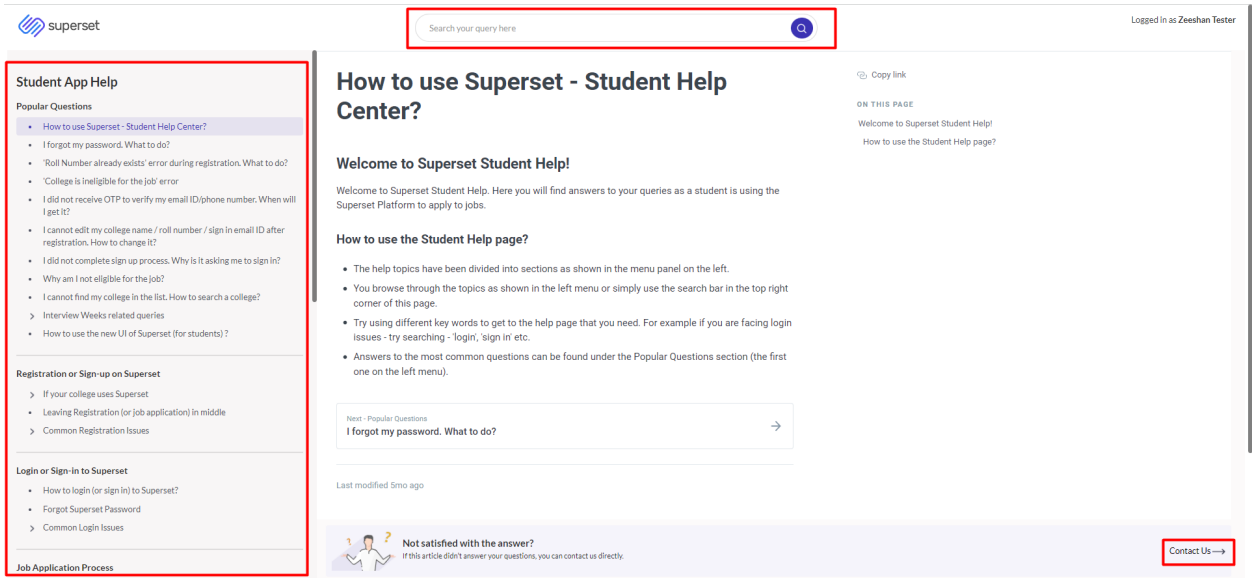

1.Log in to your Superset account
2.Click on the **“Help”** button present in the bottom left corner of the page.

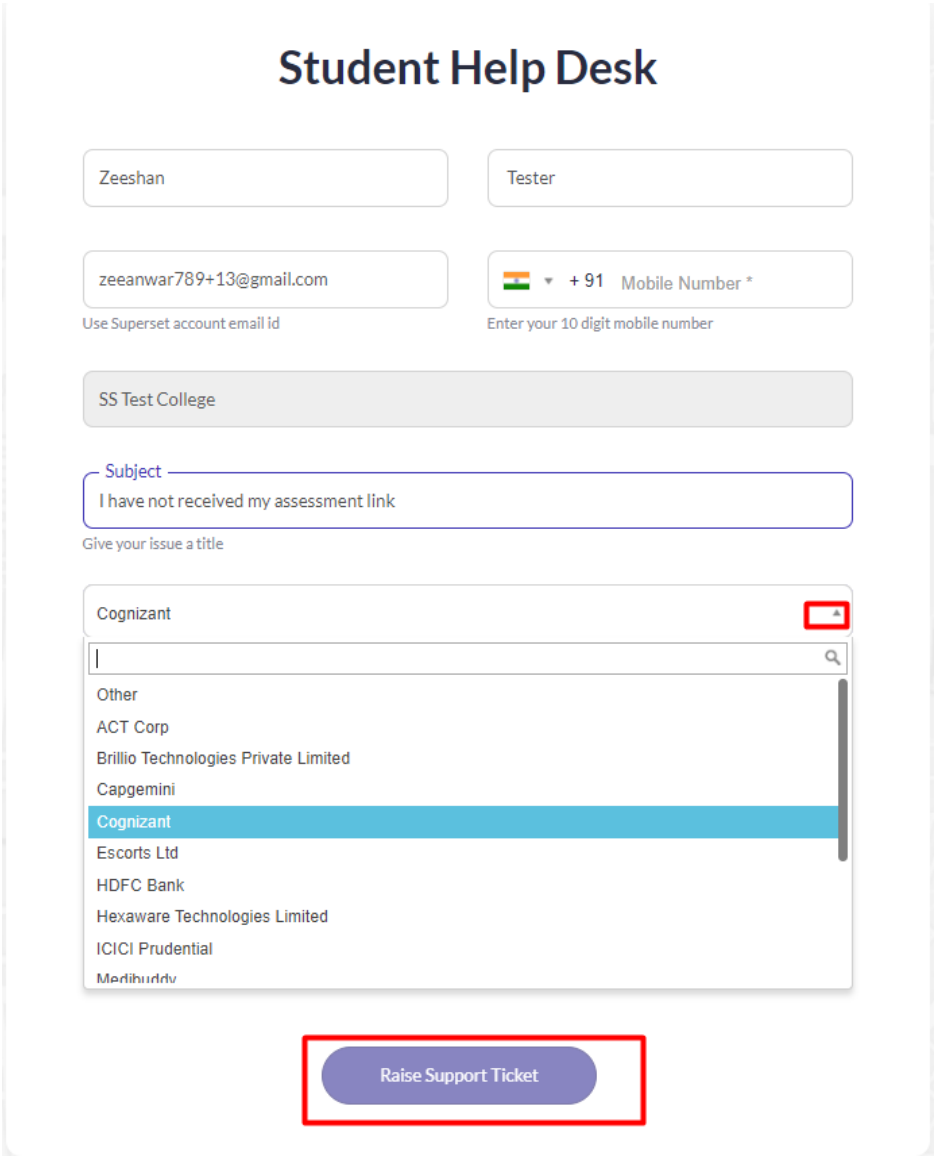

3.The student will now be redirected to the **“Superset help page”** where they will find answers to their queries.

- The help topics have been divided into sections as shown in the menu panel on the left.
- The students can browse through the topics as shown in the left menu or simply use the search bar at the top of the page.
- The students can try using different keywords to get to the help page that they need. For example if they are facing login issues - try searching - 'login', 'sign in' etc.

4.The student can click on the **"Contact us"** button present in the bottom right corner of every page and fill in the form by mentioning basic information and click on the **"Raise Support Ticket"** button (screenshot attached below).

5.Our Support team will reply back to the student within 2-8 hours depending on the complexity of the issue.
