How to Submit a Superset Profile Verification Request

Superset Verification Tool

Tool & Manual by: *Projects & Collaborations Team, Placement Committee*

Index

CONTENT	PAGE
2 Paths of getting your profile verified: • **Browser Extension** • **PlaceCom Website**	***03-05***
Sending in a Verification Request	***06-07***
Bug Fixing & Emergencies	***08***

Note: There are 2 PATHS of getting your profile verified:

1. VIA EXTENSION: For those who use Chrome, Firefox, Brave, Microsoft Edge or Opera (excluding Safari users).

2. VIA WEBSITE: For everyone (including Safari users).

PATH-1: Installing the Extension

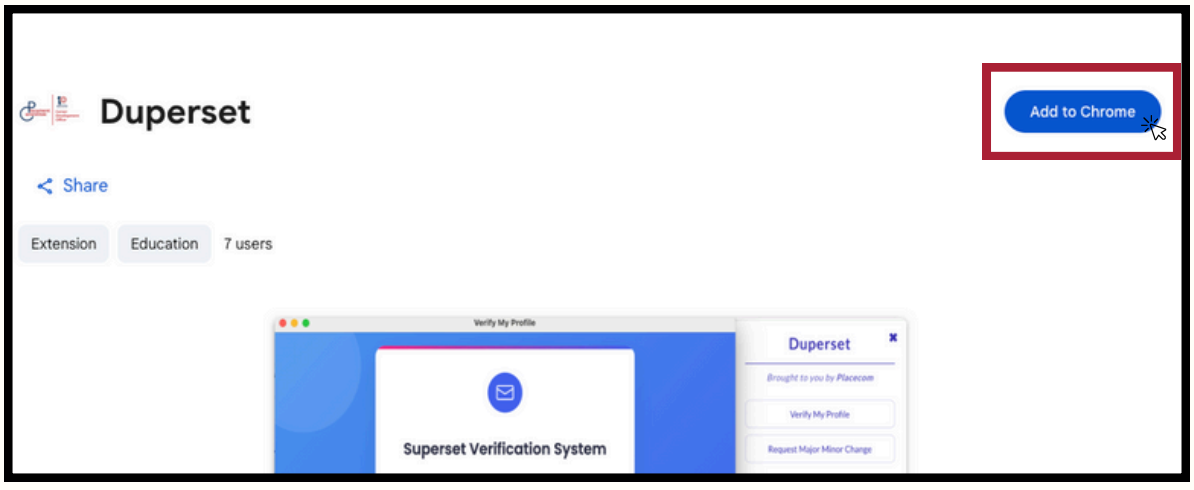

Supported Browsers:

- Google Chrome (recommended)
- Microsoft Edge, Opera, and Brave (Chromium-based)
- Other browsers like Safari are currently not supported.

Process:

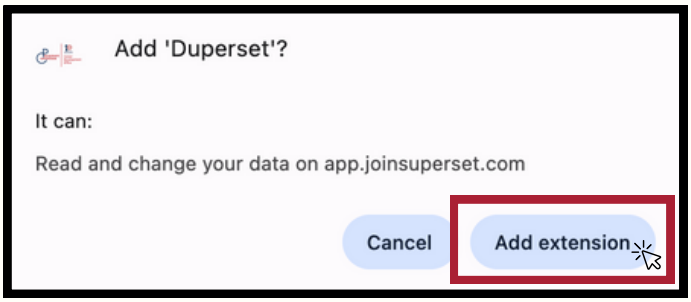

Step 1] Open any Chromium-based Browser.

Step 2] Click on this link in order to Install the Duperset/Verification tool Chrome Extension: https://chromewebstore.google.com/detail/lhihgmbjlegegcolkbafgdlpfpdmlahc?utm_source=item-share-cb

Step 3] Click the blue "Add to Chrome" button (as shown in the red box above).

Step 4] Confirm the pop-up by clicking "Add Extension."

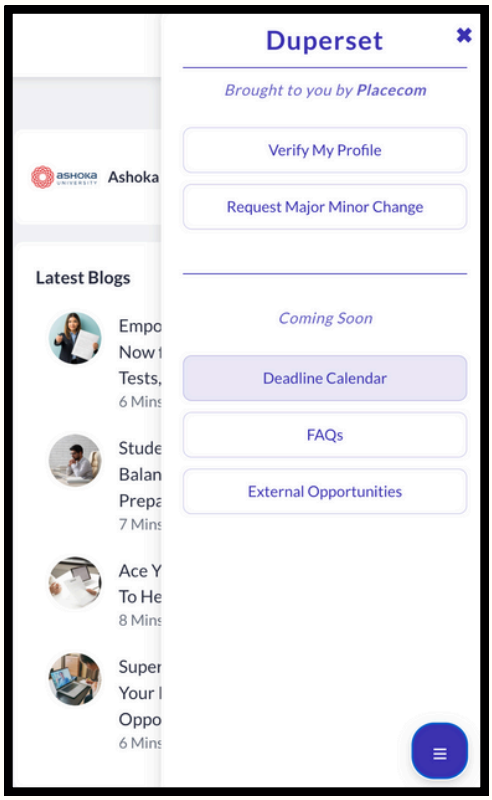

PATH-1: Viewing the Extension

Process:

Step 1] Open Superset and Log into your account:
https://app.joinsuperset.com/students/login

Step 2] On the bottom-right corner of the screen, you'll see a small "hamburger" icon (three horizontal lines inside a circle) → ≡
Click the "hamburger" icon and a sleek sidebar panel will slide in from the right.

Step 3] Now, check out page 6 & 7 to see what happens after clicking on "Verify My Profile".

*By the way our extension is called **DUPERSET** - cause well, SUPERSET wasn't enough for us!*

PATH-2: PlaceCom Website

Process:

Step 1] Visit PlaceCom Website from given link
https://ashokaplacecom.github.io/

Step 2] Click on “Verify Profile” Option on top-right side of the website

Step 3] Now, check out page 6 & 7 to see what happens after clicking on “Verify Profile”.

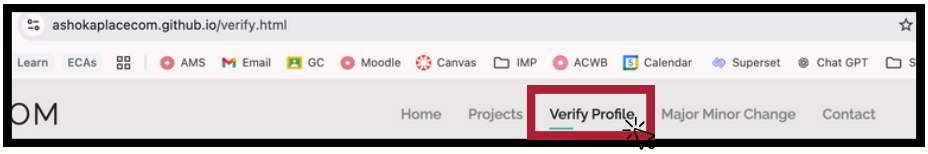

Sending a Verification Request

The Verification Tool allows users to verify their profiles securely.

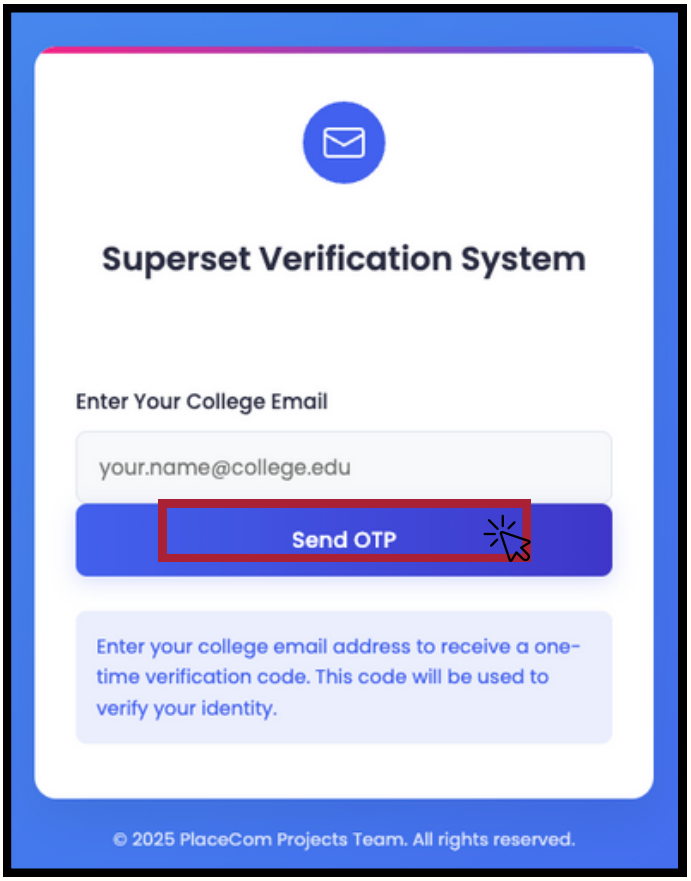

Process:

Step 1] Click on the "Verify My Profile" button in either Duperset (our Chrome extension) or “Verify Profile” button on our Website.

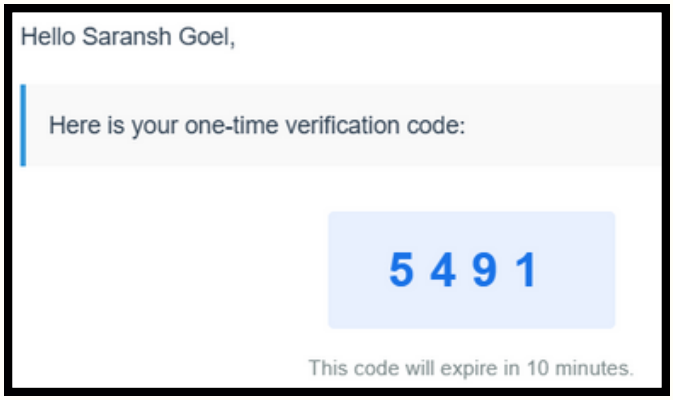

Step 2] In the pop-up form that appears, enter your **Ashoka email address** in the field provided and click “send OTP”.

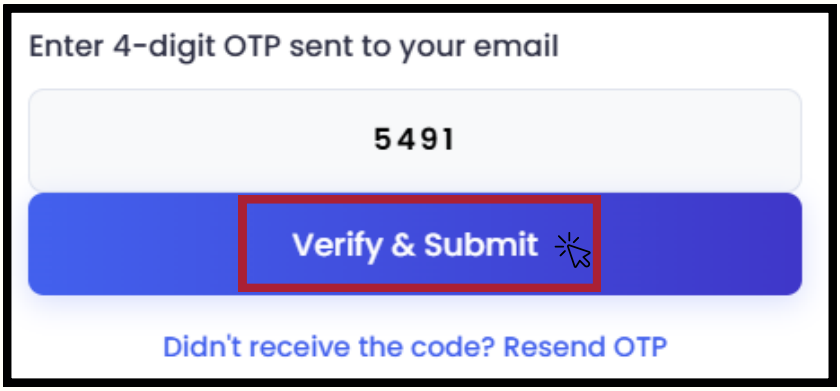

Sending a Verification Request

The Verification tool allows users to verify their profiles securely.

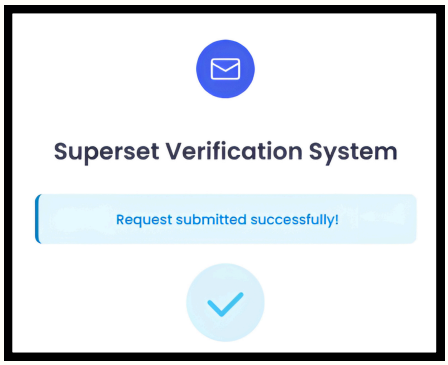

Within a few seconds, you'll receive a 4-digit OTP (One-Time Password) in your inbox.

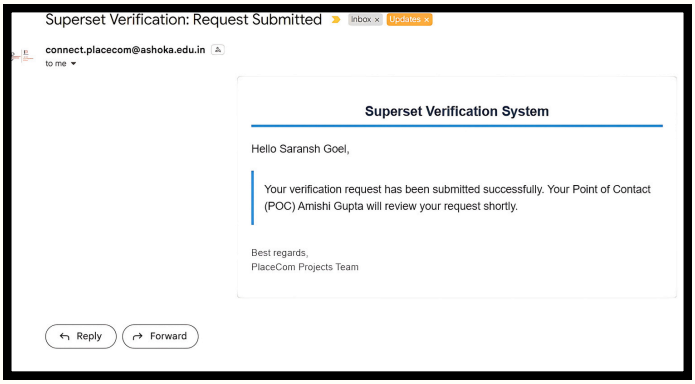

Step 3] Enter the OTP in the next field and click "Verify & Submit"

Next: You'll see a message saying "Request Submitted Successfully!" and also receive an email confirmation.

Bug Fixing & Emergencies

If the Verification Tool is not working on your device:
Fill out this google form in order to submit your verification request:
https://forms.gle/nWrssrxyP6sLoBLG6

Report a Verification tool glitch:
If you've encountered a technical issue, please fill out this form:
https://forms.gle/4J7HspLT13FxxTNx8.
It will help us work toward resolving the glitch from the backend.

Text us on PlaceCom ChatRoom or email us at connect.placecom@ashoka.edu.in in cases of emergencies.
