Instruction Specialist – (3-8 Math) ;

Instruction Specialist –(3-8 English +SST)

The Akanksha Foundation is a non-profit organisation with the mission "to build one of the most innovative school networks that empowers children from low-income communities to maximise their potential". Akanksha currently serves 10,000 children and 4000 alumni, through its 27 schools in Pune, Mumbai & Nagpur Metropolitan Regions in partnership with the municipalities.

Function/Team: Instruction Specialist Team / Network Support Team

Location: Mumbai / Pune

Compensation: Based on skill sets, experience and sector standards.

Reports to: Senior Manager, Learning (K-2 or 3-8)

Overview of the Team: The Instruction Specialist team is uniquely positioned to implement Akanksha's vision that aims at the holistic development of each child. At Akanksha we teach using a self-designed curriculum based on the principles of authenticity, inquiry and skill-development. The team designs and develops content for the Akanksha curriculum. It trains teachers and School leaders to develop strong instructional practices. The team works to identify and bridge achievement gaps through systematic data-driven inquiry. The team also supports schools in identifying and executing goals that build soft skills in children and helps the schools identify spaces and ways to work with parents as our partners.

What your role will entail

- Creates skill progression for the respective grade and subject with prioritised prerequisite skills for every unit.
- Curates additional content / resources that is relevant and aligned to the units and that can be used in addition to the SSC content.
- Creates BoY / MoY / EoY assessments for the respective grade and subject. Also creates the assessment blueprint / framework for the unit assessments.
- Curate and Codify the 'Recommended Best Practices' for the respective key stage and subject working closely with other IS team members with a focus on integrating technology.
- Builds Educator Capacity through through learning spaces/workshops that train Coaches/SLs/Mentors/Teachers on -
    - Understanding our pedagogical approach, skills progression and content choices.
    - Implementing Akanksha Best Practices in the classroom.
    - Developing and Implementing Formative and Unit Assessments.

- Collaborate with the School Coaches to understand prevailing instructional practices / areas of support for schools to inform the PD offerings in the subsequent months.
- Research on Curricular Frameworks, Best Practices and Ed. Developments to build our own capacity and learn continuously.
