Job Description Document

Role: Management Trainee

Background

Arrka is a pioneer in the Data Privacy domain in India. We are a rapidly growing business doing some very interesting and path breaking work in this area.

Arrka's Management Trainee program is designed to groom fresh graduates/ post graduates to take on various roles with our fast growing company. Management Trainees are typically put on live client projects or other projects within Arrka that are critical to the business.

Desired Profile

- Candidate should be driven & ambitious, wanting to build a career in Data Protection & Privacy.
- Should be a quick learner with an ability to grasp new concepts rapidly. Should be able to learn on her/his own without formal training.
- Should be very diligent and have the ability to get into details and follow through.
- Ability to handle multiple transactions simultaneously without getting flustered or confused.
- Good communicator – written plus oral.
- Should be able to get along well with people
- Exposure to IT or IT oriented operations is essential.
- Familiarity with MS office is a must

Academic Background

- Freshers who have already graduated or will be graduating by Summer 2022, with BCS/BCA/Economics/Commerce or any other related degree is preferred.
- We can consider graduates from other streams as well.

Role Location

Preferably Mumbai, Pune, Bangalore, Chennai, NCR. Currently we are in Work-From-Home mode but down the line candidate should be willing to move to a location specified by us.

Interested candidates may send their CV's to talent@arrka.com
