JOB DESCRIPTION

Job Title: Associate – Business Development **Department:** Business Development
Location: Bengaluru, Karnataka

Centre for Teacher Accreditation (CENTA) Private Limited (CENTA®) is a 7-year-old education company, focused on making teaching a more aspirational profession, and through that, fundamentally impacting the quality of education in a self-sustained market-driven manner. CENTA® assesses and certifies the competencies of teachers, creates rewarding career paths for them and supports their professional development.

CENTA® Certification is widely used in teacher recruiting, promotions, etc. As a result of the opportunities and rewards created, a much larger population of teachers is motivated to continuously improve their competencies and be more effective. Through its **technology platform MyCENTA**, CENTA® currently works on **Certification, Learning, Careers and Community, with over 500,000 teachers, coming from 6,000 locations and 80,000 schools** across India, and also has a starting international footprint (UAE, Philippines, Nigeria, Bangladesh, UK etc). *More on www.centa.org and m.centa.org.*

ROLE:

The purpose of this role is to assist in and also independently cultivate a range of business-to-business relationships (partnerships, channels, large clients, teacher employers like school groups) across the education and related landscapes, within and outside India. While CENTA's customer acquisition is primarily "retail", i.e. individual teachers sign up, institutions play a very important role in creating pull, acting as channel partners and sometimes being customers themselves. Further, acceptance from the ecosystem is critical for CENTA's overall mission, making this a key and exciting function in the company, with tremendous scope for career growth both within and outside India.

KEY RESPONSIBILITIES:

Be part of a 2-3 member BD team geared towards targeted revenue generation and relationship building:

- Customer and partner acquisition:
    - Initiate outreach for a set of clients, partners and channels both within India and overseas.
    - Independently create relationships with organisations across the education spectrum, that then become your own to maintain.
    - Create and maintain a thorough database of outreach for educational organisations.
- Client servicing on specific requirements + customer relationship management:
    - Ensure that committed client requirements are serviced well by coordinating with the customer experience team
    - Take ownership of the lifecycle of each client, over various phases of the relationship.
    - Ensure client engagement and continuous sales growth, by proactively seeking feedback, understanding needs and providing updates on CENTA's latest products/services.

SKILLS and EXPERIENCE:

- At least 2 years of Business development/ Sales management experience preferred. B2B development experience in Education companies (publishers, technology products, assessment, etc.) will be a plus but not necessary.
- Highly comfortable with use of technology for work, especially Google suite (Sheets, Docs, etc) and MS Office suite (Excel, Word, Power Point).
- Strong verbal and written communication skills in English.
- Highly organized, with ability to manage multiple streams of work.
- Strong relationship building skills.
- The role will involve travel once meetings start happening in person.

SALARY: Competitive salary based on experience and skills.
