About Dr. Reddy’s

Dr. Reddy's Laboratories Ltd. is an integrated global pharmaceutical company, committed to providing affordable and innovative medicines for healthier lives. Through its three businesses - Pharmaceutical Services & Active Ingredients, Global Generics and Proprietary Products - Dr. Reddy's offers a portfolio of products and services including Active Pharmaceutical Ingredients (APIs), custom pharmaceutical services, generics, biosimilars and differentiated formulations. The company's major therapeutic areas of focus are gastrointestinal, cardiovascular, diabetology, oncology, pain management and dermatology. Dr. Reddy's operates in markets across the globe.

Dr Reddy's Laboratories was incorporated in the year 1984 in Hyderabad. The company was established by Dr. K. Anji Reddy whose passion for drug discovery and his pioneering contributions led the way for making medicines affordable.

At Dr. Reddy’s, we are constantly looking for opportunities that allow us to bring expensive medicines within the reach of millions around the world. The belief that **Good Health Can’t Wait** inspires us to delve deep into understanding the needs of patients and do all that it takes to fulfil them. **Good Health Can’t Wait**: These simple words describe the deep-rooted belief that drives us.

'Good Health’ is always our goal. We see medicines not just as molecules, but as means to help patients regain their health. As a leader in the pharmaceutical industry, we realize our unique role; we have the ethical and moral imperative to ensure good health can be delivered to those who need it, and to promote wellness among them.

'Can't Wait’ reflects our commitment to act with speed to find innovative solutions that address the unmet needs of patients, and to accelerate access to much-needed medicines for people around the world.

Our belief is guided by our principles - Empathy and Dynamism - which provide both guidance for our current behaviour and inspiration for our future actions.
