About ISDM

ISDM is an institution founded to create, strengthen and establish Development Management, a domain that transcends the exclusive silos of 'development perspectives' and 'management principles'. ISDM recognises the need to 'professionalise' the Leading and Managing of Social Purpose Organisations (SPOs). The institution sees the development space as requiring the application of management disciplines that are unique and tailored to the scale of the sector. Management that doesn't merely retrofit Business Management to development projects, but one that is born specifically from the coming together of the two crucial domains.

By 2025, ISDM aims to become the go-to management institute for top professionals wanting to transform the development sector for a greater impact on people's lives. In order to achieve this aim, ISDM has identified three broad focus areas

1. Continuously building the one-year-long Post-Graduate Program in Development Management (PGP-DM);
2. Creating a strong research function that will lay the foundations for Development Management and leadership as a unique domain and discipline;
3. Launching Strategic Capacity Building Programs aimed at influencing and upskilling middle to senior leaders in the social sector through special workshops, short-term courses, and customized convenings.

ISDM has audacious ambitions to build a world-class institution, become a global fountainhead of development management knowledge, and define the domain of development management for the Social Sectors. The belief is that Management for the Social Sectors (or Development Management) will significantly scale up the positive impacts on the lives of people in sustained ways. ISDM is entering a new phase of growth with a revamped program and renewed focus on establishing itself firmly as a preeminent institution in its domain. This requires strategic and energetic institutional leadership.

About ISDM Knowledge and Research Centre

The Marketing & Communications team is responsible for raising the profile of Development Management & the brand of ISDM, giving a voice and platform to the brilliant yet unheard work that is happening within ISDM and making it heard and understood across all stakeholder groups, thus raising the visibility and profile of ISDM. We do this by working with the teams within ISDM to understand and determine what needs to be communicated, and then using the appropriate physical, digital, and social media platforms to communicate the message consistently and effectively.

We are looking for dynamic young individuals who are excited about creating something new and eager to be part of the journey of building the first-of-its-kind institution in India. They must be passionate about the development sector and keen to contribute to it. They must be visual storytellers, adept at both digital and physical forms of storytelling using various mediums.

Job Description

This role will involve closely working with the various teams across ISDM – Digital, Curriculum, Faculty, Admissions, Placements, CE, Research, Dissemination, Centres of Excellence, and Fundraising – to understand their communication and outreach requirements, their stakeholder groups, and target audiences; devise communication & engagement strategies; develop communication and engagement collaterals that address the requirements – across digital & physical channels; track the impact of these collaterals and optimize accordingly. They will be the communications specialist for all ISDM's internal & external stakeholders.

Key Responsibilities

- Work with all the teams to understand and map out their communication needs
- Create and manage an annual road map and calendar of communication needs & collaterals
- Construct effective, well designed, high impact communication collaterals, using existing material or creating new material, across both physical and digital channels
- Create a range of collaterals from annual reports, PowerPoints, brochures, (e-)flyers, invites, e-mailers, website creatives, website banners, social media creatives, creatives for webinars, digital ads & banners
- Track, monitor, and help improve the performance of all communication collaterals
- Coordinate with vendors on other tactical communication requirements and manage vendor relations

Educational Qualifications and Experience Required

- 2+ years' experience in marketing and communications, digital and social media
- Excellent written communication and copywriting skills – long-form communication abilities will be a bonus
- A brilliant design sensibility
- An ability to tell a concise yet visually engaging story using aesthetics, design, and communication skills
- Exceptional attention to detail
- Working knowledge of key social media platforms
- An advanced user of PowerPoint or other presentation software
- Knowledge and experience in using design software, such as Procreate, Photoshop, Illustrator, Graphics Suite
- Experience with creating high quality, short-form audio-visual content
- Keenness to work in a start-up environment
- Proven experience of working in complex projects involving multiple stakeholders, partners, etc
- Demonstrated ability to take ownership, have accountability, and work in a collaborative, closely-knit, multi-disciplinary team
- Strong problem-solving skills
