## Company Overview

KarmaLife (Onionlife Private Limited) is a financial solution that addresses the unmet liquidity needs of India's gig and contract workforce. KarmaLife captures real-time data associated with work and financial transactions, and applies machine learning & AI to viably provide relevant, affordable and easy-to-use financial services, including credit, savings and insurance. KarmaLife partners with employers and aggregators of blue collar workers to package these services as financial wellness benefits that in turn enhance worker productivity and retention.
