## ABOUT MILAAN FOUNDATION

Started in 2007, Milaan is a non-profit organization, which envisions an inclusive and equal world, where every girl is educated, healthy and safe.

We believe in the power of movement building, to challenge the social norms that reinforce gender inequality and re-write the narratives that shape the day-to-day lives of women and girls, normalizing social, economic, and political exclusion.

Our primary work is focused on and with young women between 12-18 years of age from socially and economically marginalized communities. Milaan aims to empower adolescent girls by addressing 4 dimensions that we have identified as critical for their well-being: 1) Completion of Secondary Education, 2) Adolescent Health, 3) Enhanced Agency, and 4) Prevention of Gender-based Discrimination and Violence.

We are deeply driven by our values of empathy, respect, diversity, integrity, innovation, inclusion and excellence in execution.

### Position Overview

We're looking for a passionate, self-motivated and enthusiastic individual who enjoys communicating offline and online, implementing plans, and building relationships. The position is a full-time role and requires a commitment of at least 1.5 to 2 years

## ROLE & RESPONSIBILITIES

- Design, lead and execute communication strategy for Milaan with a focus on the digital presence of the organization.
- Create engaging content for digital platforms, newsletters, and donor

communication
- Design online and offline events and explore partnerships with like-minded organizations
- Curating articles, blog posts, reports, and other collaterals for communication
- Managing website and social media handles – identify target audiences, create campaigns, amplify stories, along with monitoring and evaluating

engagement metrics across all platforms to remain informed and trending
- Develop and maintain engagement strategies for current and potential donors
- Capture stories from the ground with the support of program teams for Public relations and other engagements
- Maintain a repository for Milaan including database, photographs, etc

## QUALIFICATIONS & COMPETENCIES

At least 2-3 years of work experience in relevant fields. Prior experience in communications, marketing, journalism, or public relations is an added bonus.

- Effective written and verbal communication skills
- Strong storytelling skills
- Proficiency in the MS Office and digital tools such as SendGrid, Hootsuite, etc
- Attention to detail, strong design and aesthetics sense, and ability to design via apps such as Canva.
- Must be able to multitask and manage multiple responsibilities simultaneously
- Understanding of social media platforms and passionate about digital marketing
- Ability to think analytically and strategically to strengthen organizations reach and impact through communications
