MyGov

MyGov is the citizen engagement platform of the Government of India (GoI). Our mandate is to highlight the positive key/flagship schemes of the GoI and its many Ministries and Departments; and engage with our users ('Saathis') through various youth-centric online and offline engagements ('Activities'). We also partner with different Ministries in order to promote their various policies, collect public feedback and ensure citizen participation in various government programmes.

It is also a trusted platform for citizens, when it comes to important government news - for example, during these challenging times, MyGov is one of the first platforms to which, young and older netizens turn for the latest, authentic news about Covid-19.

MyGov offers a chance of being involved in Government. It is an exciting opportunity to gain an insight into citizen engagement with Government.

Role in Partnerships Team

MyGov is looking for team members in the MyGov Partnership Team, who will be the link between various Ministries and MyGov. They will also be responsible to manage important relationships between MyGov and its users.

The ideal candidate must have strong interpersonal and communication skills. They must be able to nurture and grow partnerships with stakeholders while driving MyGov to deliver the best results. A candidate with a "can do" attitude is desired.

Collaboration and teamwork is key to this role. In addition to all the "soft" people skills, the candidate must be extremely organised, take ownership and take everyone along in a positive spirit.

The candidate will also help in driving citizen engagement through various citizen centric activities. They will also be the link between "Saathis" (users) and the platform.

The right candidate is also expected to have good research skills. They should be able to study various issues affecting the economy, governance, development issues and public policy, analyse and summarise the topic, present and arrange the data and information in a coherent, concise and

interesting manner. This will help generate novel content for the website and social media.

An ideal candidate should be familiar with online research and news analysis, and versatile in public policy and economic issues. An interest in reading and general knowledge is recommended.

They must represent MyGov values of professionalism and transparency.

If selected, you will be required to work from Delhi. You will be under probation for the first 3 months from the date of joining. If you successfully complete the probation period, regular contract for 2 years will be given. The period of probation can be reduced or increased by MyGov and shall be solely based upon your performance.
