Mylo - '*Raise Happiness*'

Mylo is the only one-stop full-stack platform trusted by millions of young parents for starting and raising a happy & healthy family. It is responsive to the unique needs of young families and adapts seamlessly to their life stages to ensure that they always have a trusted partner by their side. Mylo harnesses the power of collective wisdom to maximize the lives of millions of young families through sharing. It brings together reliable products, services, authentic content, and above all, a community with collective wisdom from the real-life experiences of young parents. The platform has high-quality expert information, personalized basis user stage, interests, and special needs.

Following its vision of creating a one-stop-shop for mothers, Mylo's next focus area is healthcare services. It has already made headway by providing doctor consultations with gynecologists and pediatricians, health packages for weight loss and PCOS, and hospital recommendations for delivery and IVF procedures.
