At CSE, we are looking for a creative graphic designer who can take conceptual ideas and create visual representations, both in print and electronic media. Our ideal candidate needs to have knowledge of current design software's and skilled with every step of the design process from concept to the final deliverable. The candidate should be able to take direction from written or spoken ideas and convert them into a design that connects with the goals and overall brand of the company. The selected candidate will have a thorough understanding of branding and marketing, with the ability to vary style and layouts depending on the project. If you think you have what it takes to bring ideas to life with visual impact, we want to hear from you!

## ROLE AND RESPONSIBILITIES

- Work on a wide range of projects and media, using various computer software to visualize and develop innovative graphic designs that meet business goals and communicate ideas and information visually
- Collaborate, brainstorm, and strategize with the marketing team for material that may include web pages, posters, logos, brochures, magazines, presentations, program/event collateral, signage, internal communication, newsletters, content templates, and other marketing materials that enhance the company's overall brand
- Translate strategic direction into high-quality design within an established brand identity
- Maintain and be responsible and accountable for a seamless and professional digital brand
- Proactively obtain input from management, partners and other stakeholders to ensure designs meet organizational standards and brand expectations in an accurate manner
- Work independently and cooperatively on multiple projects, including meeting deadlines assessing budgets, scheduling projects and implementing based on workload, which may include simultaneous projects
- Examine existing processes, identify flaws and create solutions to improve design capabilities
- Update and maintain internal databases of designs including photography and video material
- Manage the design and uploading process of all project material, understanding best practices for using a content management system

## REQUIRED SKILLS

- Proven graphic designing experience with a strong portfolio of illustrations or other graphics
- Strong familiarity and working knowledge with design software, desktop publishing tools and technologies (such as InDesign, Illustrator, Dreamweaver, Photoshop, CSS3, HTML5, and JavaScript)
- A keen eye for aesthetics, visual composition and attention to detail
- Exceptional creativity, artistic and innovative ability
- Methodical organizational and time-management skills for meeting deadlines in a fast-paced environment
- Excellent communication and presentation skills
- Ability to give and receive constructive criticism
- Understanding of marketing, production, website design, corporate identity, product packaging, advertisements, and multimedia design
- High energy individual who is willing to learn, adapt and grow to the changing needs of the sports environment
- Desire to continually grow skill set with ongoing education and training
- Sports enthusiast who is keen on using digital media to promote a healthy lifestyle

## QUALIFICATIONS AND EDUCATION REQUIREMENTS

- Degree in Design, Fine Arts or related field is a plus
- 3+ years in professional graphic design, preferably with a creative or marketing agency
