Role & Key Activities

Assistant Manager, HR

Rotational Program across all major HR Streams, movement post every 1 Year

Year 1

Data Analytics or Talent Acquisition

Year 2

Talent Management or L&D

Year 3

HR Business Partner

(Minimum 2 years, number based on requirement & assessment)

+

One cross-functional project in each of the years - either with one COE or a project that cuts across various COEs (GTPW, Policy Overviews, CSA etc)

In this role, you will be joining the high-performance teams of Internal HR which caters to the internal employees of randstad.

The candidate will be required to move mandatorily to the next team within a specified time-frame as per the rotational program, with an intent to shadow, learn and identify your potential interest areas of interest to work and on the basis of your competencies. You will also be expected to initiate or be a part of an initiative during each cycle that spans across the HR team in general.

Towards the end of the 3rd rotational cycle, you will be aligned a final team based on your interest, our evaluations and the requirements of the team at the time.

Note : During this rotational cycle, based on mutual assessments, the candidate could be aligned to a specific team based on competencies and self-evaluation, in case of a potential situation.
