Major Deliverables

- MT program induction provides you with an unparalleled exposure to the various businesses / functions of Tata Capital and gives you an overview of the company, to help in the grooming process for future leadership roles. You could find yourself masterminding a strategy to launch a new product or service offering or increase sales with a focus on untapped market segments /geographies or you could be negotiating with auto dealers across several states.
- The MT Programme will teach you about our business, partners, people and products through hands-on jobs and a range of projects.
- At the conclusion of the program, Management Trainees will largely assume field sales or credit positions. There could also be positions for Corporate Functions (Marketing / Finance / Treasury, etc.).
