Teach For India

Teach For India, a part of the Teach For All network, started in 2009 with the audacious goal of eliminating educational inequity in our country. We believe that at the root of the crisis/inequity in education lies a crisis of leadership. The fact is that teachers alone cannot solve this crisis; we also need excellent school principals to support those teachers, informed parents to stay engaged with the teaching-learning process in schools, visionary bureaucrats and politicians to create an environment that enables for principals and teachers to thrive, active civil society leaders to hold stakeholders accountable, and committed corporate leaders to mobilize the necessary resources to support school systems.

Teach For India exists precisely to fill this deficit of leadership in the education sector and larger social sector.

Vision

One day all children will attain an excellent education.

Mission

To build a movement of leaders to eliminate educational inequity.

Education Crisis

72%
of grade 3 students cannot do subtraction

50%
of grade 5 students cannot read a grade 2 textbook

44%
of students are not enrolled in secondary school

74%
of students do not make it to the college

Source: ASER 2018, UIDSE+ Database

How Do We Do That

In order to catalyse our work towards educational equity in India, we run 5 programs - our flagship program being the Fellowship along with four other programs:

Fellowship

To build a growing movement of leaders, Teach For India runs a two year Fellowship and supports an unstoppable Alumni movement. This is our flagship program that has been in existence for over a decade now.

In order to catalyse our work towards educational equity in India, there are a few other programs we run:

Firki

A free, world-class online teacher education platform which focuses on supporting and celebrating multiple aspects involved in the role of a teacher.

TFIx

A free, world-class online teacher education platform which focuses on supporting and celebrating multiple aspects involved in the role of a teacher.

InnovatED

Teach For India's national incubator supports entrepreneurs who are looking to build impactful organizations in the education space.

KidsEducationRevolution

A bold and ambitious collective of schools and organizations that are working towards reimagining education at scale and are driven by a profound belief in the power of student leadership.

Impact

900+ Fellows impacting over 28000 Students in 250 under-resourced schools in India.

Teach For India Alumni are serving more than 33 million children; 1 in 10 Indian children is now reached by a Teach For India Alumni.

18 Fellowship programs are running through TFIx and are impacting 62,344 children through 877 active Fellows.

34 organizations have been launched through the InnovatED platform.

60+ courses are being offered for free for all the teachers in 6 languages on Firki, with over 100,000 users.

37,195 student revolutionaries and educators have been impacted by the Kids Education Revolution over the last 3 years.

The Fellowship Model

1 Find promising leaders

We recruit and select high-potential candidates to serve as Fellows who commit to teach for two years, full-time, in India's low-income schools.

2 Impact schools and communities

Our Fellows not only provide their students with a holistic education, they also impact their schools and communities through targeted initiatives.

3 Cultivate lifelong leadership

Faced with diverse challenges in their classrooms and schools, our Fellows develop into leaders who complete the program committed to working relentlessly towards realizing educational equity.

4 Infuse Alumni across puzzle pieces

Serving in positions of leadership and influence at every level of the system, our Alumni are impacting children and effecting change across India.

5 Innovate and scale

Our innovation cell pilots alternative means to realize our vision more effectively, and scale with greater speed.

The Fellowship Experience

Institute

A six-eight week intensive training period that prepares Fellows to effectively lead a classroom of students by providing support across the following areas: pedagogy and classroom instruction, effective planning and execution, culture building, stakeholder management; and personal leadership development including unpacking one's strengths and weaknesses, identifying and overcoming biases, etc. This on-the-job training provides an opportunity to apply these in a classroom setting on a daily basis.

Year 1 Fellowship

Fellows are placed in schools where they take charge of a classroom (in elementary/middle school) or teach a subject across multiple classrooms (in secondary) within a government or affordable private school. They lead their students and other stakeholders towards the holistic educational and life outcomes, whilst being exposed to and challenged by the grassroots realities of the students' lives. Each day is an opportunity to practice leadership and tap into their capabilities and lead children to transformational outcomes.

Year 2 Fellowship

This is when a Fellow completely takes off. He/she/they, apart from leading their children towards the vision for the classroom, implement a Be The Change Project. What this means is that they are not just addressing the learning needs of their students but addressing other issues which are holding children back from achieving their fullest potential. Be it mental health, financial literacy, nutrition or sanitation, the Fellowship takes on a whole new meaning through this.

Towards the second half of this year, Fellows also begin to think about their role in the "movement" by actively seeking opportunities for themselves through the Internal and External career fair where nearly 100 organisations come to hire our talent.

What After The Fellowship

Placement Statistics

100+ Organizations came to recruit 375 Fellows with 800+ Openings in External Career Fair in 2021.

Organizations that visited us to recruit our Fellows:

Alumni

3900+ Alumni leaders are working towards an equitable society in various fields.

Anurag Kundu
2013 Cohort
Engineer
Chairperson, DCPCR Govt. of Delhi

2013 Cohort
Post Graduate, Science
Consultant, World Bank

Kaushalya Mishra
2018 Cohort
Lawyer
Research Consultant, International Labor Organization (ILO)

Chitra Agarwal
2016 Cohort
Engineer
Consultant, HDFC Capital Advisors

Pratima Kollali
2016 Cohort
Commerce Graduate
Policy & Research Officer, World Vision India

Kanvi Goyal
2017 Cohort
Engineer
MBA, The Wharton School

Alumni Organisations

Our Alumni have founded over 170+ Organizations in the past 10 years.

Higher Education Avenues

Our Alumni have made it to the best colleges in the country and across the globe to pursue masters and doctoral programs. Few of them include:

Being part of Teach For All Global Network we have partnerships with top universities across the world which will make you eligible for special scholarships and stipends with these universities by virtue of being a Teach For India alumni.

Selection Process

1. Apply!
Basic information and essays to kickstart your application process

2. AMCAT
Situational Judgement Test

3. Phone Interview
To get to know you better

4. Assessment Centre
Sample teaching, Group Discussion, Problem Solving, Personal Interview

5. Application Outcome

What Our Leaders Have To Say

Gaurav Jogal
Fellow, 2020 Cohort

"My first year in the Fellowship has shown me the immense potential our kids have. It has taught me that children can become active agents of community development through involvement in policy implementation and the overall democratic process. This is an area I'm going to further explore post the Fellowship."

Romana Shaikh
Fellow, 2009 Cohort
Staff - 2011-2018, Chief Program Officer Kizazi

"Seeing and experiencing a change in myself, people, and the school system showed me that a purposeful, relevant, and contextual educational experience is critical to enable personal, social, and global change. To change systems, policies, and processes, we need the values of dignity and love to guide us and we need to start with ourselves."

Danish Siddique
Student Alumnus

"Since I am a first-generation learner in my whole family, my Fellows were the only people who could guide me with decision making in terms of my academics and life. Now that I hold an offer letter from Lancaster University in the UK to study BA Hons. Film Media and Cultural Studies, I have the chance to go face the world as my true self with confidence."

Rahul Bose
Indian Actor

"I've known people at Teach For India for over a decade and I can vouch for their commitment, their dedication, their intelligence and their zeal to build a better life for our children. Join the Fellowship. Now is the time to make a difference."

Job Description of a Fellow

In our Fellows, we look for leaders to join a movement towards educational equity.

- Aside from passion and commitment to the movement, we look for leadership potential that can develop through the two-year Fellowship.
- Our Fellows must possess skills such as critical thinking, problem solving, grit and have a high bar of expectations for themselves and others. They must demonstrate interpersonal skills through their interactions with various stakeholders, along with academic excellence.
- We look for diversity in our cohort. Our Fellows come from across the world representing over 300 college campuses and companies, with varied life experiences, expertise and professional experiences. Our cohorts include college graduates, working professionals, and entrepreneurs.

Basic Responsibilities

- Work full-time as a teacher in the assigned private or government school.
- Design and execute strategies that will drive holistic learning outcomes in the classrooms they are placed in.
- Work closely and foster strong relationships with diverse stakeholders including students, school staff, parents of the students, community members, and others involved in the ecosystem.
- Hold the lens of reflection, empathy and excellence in every work.
- Contribute to the learning and development of the co-Fellows, peers and to the larger movement through sessions and training spaces.
- Reflect and course correct, wherever necessary, through the Leadership Development Journey by engaging in dialogue with the necessary partners/managers/staff.

Eligibility

In order to be eligible to apply to the Fellowship,

You must have graduated with a minimum of a Bachelor's degree by June/July 2022 (while considering institutional delays caused by COVID).

- This must be your first application to the 2022 cohort of the Teach For India Fellowship.
- You do not need prior teaching experience. We provide rigorous training to all Fellows to set them up for success in their classrooms.
- You need to be an Indian citizen or an overseas citizen of India (OCI).

What Teach For India Can Offer You

- A challenging workplace in which every individual Fellow's journey is tracked and supported for excellence and leadership development.
- A work environment in which Fellows' holistic well-being is a core priority, enabling people to be their best selves.
- The opportunity to be part of one of the most established and visionary movements in the education sector in India, which is at a pivotal point in terms of expanding its scale and outreach while working with changemakers across the country.
- Access to connections and resources from the global Teach For All network that includes partner organisations spanning over 60 countries across 6 continents.
- Leaves, holidays, and medical insurance to ensure proper work-life balance for our Fellows.

Compensation

- Fellows will be paid a monthly stipend of 21,943 INR + City Compensatory Allowance (5,300-10,000 INR) + Reimbursement of all program related expenses.
- Total CTC: 3.8 LPA

Placement Cities

AHMEDABAD | BANGALORE | CHENNAI | DELHI | HYDERABAD | KOLKATA | MUMBAI | PUNE

Media Coverage

Teach For India has garnered over 300+ pieces of positive news coverage between 2020 - 2021. Throughout the year, we were able to engage the national media in several interactions and managed to collaborate with many opinion leaders and influencers to generate dialogues around 'One Day All Children'.

Join the movement of leaders who are transforming the nation to make it free of poverty and filled with love.
