Job Description: Social Media Designer

The Big Red Group is looking for a candidate with experience in Social Media design content development either within a startup or an educational organisation. Ideally, someone who has strong problem-solving skills, grit, and communication chops to drive engagement and take strategic decisions around content.

We are looking for someone who is extremely motivated, dedicated, and passionate about education and entrepreneurship. It's a high growth opportunity to be part of an early-stage startup, in an extremely creative role! If you're someone who loves creating meaningful experiences for students - keep reading. We are crafting modules for skills that no one else in the world has created before - messy emotions, taxes, critical thinking, global citizenship, and so on.You will be part of the founding team of The Big Red Group and will take ownership of the product with us as a partner.

We are looking for a dynamic Social Media Designer to be responsible for designing and posting original content on online platforms. The responsibilities of a Social Media Designer include posting content on social media, designing graphic material, and attracting consumers via social media.
To be successful as a Social Media Designer, you should be highly motivated, creative, and possess solid knowledge of marketing competencies. Ultimately, a top-notch Social Media Designer should be computer literate, highly organized, and able to work with little direction.

Social Media Designer Responsibilities:

- Producing content to be posted online
- Increasing traffic and appealing to target audiences
- Creating posts, pages, and applications to attract customers
- Using programming skills to build pages and applications
- Measuring key performance indicators
- Design newsletters
- Video editing and content strategy for the company

Social Media Designer Requirements:

- Pursuing a degree in Graphic Design or Computer Sciences Good communication skills
- Creativity and Graphic Design skills
- Proficiency in Marketing disciplines
- Must be self-motivated
- Be able to produce original ideas
- Ability to articulate & write good content for social media
- Accommodate other design requirements as and when required
- Must have a grasp of social media sites like Facebook, LinkedIn, Instagram, Twitter, Youtube, Pinterest, etc.

Why should you consider us seriously?

- We are reimagining the why, what, and how of our education system.
- We empower employees to figure out what matters to them and how to capitalise on their talents, skills, and mindsets.

- We are a young team willing to experiment at all times.
- If you've ever had to set aside your passions because you had to choose the safe option - avenge yourself now!
- All of our employees are superheroes - Fundamentally, we believe in people and our ability to change the world. All of us at The Big Red Group have a vision for how we would radically move the world forward and do audacious things - if you are a dreamer and a doer - you should consider joining us!
- Read more about about the problem, from our perspective and across the world:
    - Are our kids ready for the future?
    - Jack Ma - Founder of Alibaba
    - Yuval Noah Harari - Author of Sapiens
    - World Economic Forum
- This is just the beginning and we're here to change education across the world.
