😍 The TopHire Life

TopHire.co

🙏 About Us

TopHire was founded by Sameer Parwani (Prev. Founder of CouponDunia) and Siddharth Gopi (Prev. Product Manager at Crowdfire)

With offices in Mumbai and Bangalore, we are a team of 75+(as of Feb, 2021) that works hard and parties harder. Technology is at the core of what we do.

⚙️ Our Model

TopHire.co is an online recruitment marketplace for the top 2% of tech talent in India.

➛ On the 👩‍💻Candidate Side: Every 2 weeks, a fresh batch of software engineers, product managers & data scientists are put on showcase. Each candidate is handpicked by our team to ensure that they are 1) great at what they do & 2) ready to interview.

➛ On the 👨‍💼Employer Side: Companies get access to a dashboard where they browse detailed Candidate Profiles & send out interview requests to the ones they like. Plus, they get a dedicated Account Management team to schedule & coordinate their interviews. They pay only if they hire!

It's fast & simple.

People who ended up joining us give advice to new candidates on what to expect in their interviews.

👬 About the Co-Founders

☝ FAQ

1. Are we a consultancy?

No. We're a tech startup. Tech is at the center of everything we do. The core product is an online recruitment marketplace (i.e. somewhat like a naukri, iimjobs, etc) which is very different than the core product of a consultancy. Additionally our founders have tech backgrounds. We are disrupting the tech hiring space with an innovative and much needed product.

As with most products, an added personal touch goes a long way towards customer success. TopHire is no different and hence we are building out our client and candidate facing teams with Account Management positions.

2. Where are you offices?

We have an office Andheri West, Mumbai and Indiranagar, Bangalore. Due to the covid-19 outbreak we are currently working remotely and will continue to do so until conditions improve.

☝ FAQ

3. In the context of the Covid pandemic, are we working remotely?

We were amongst the first few companies to tell everyone to stop coming to office during the onset of the Covid pandemic. This was back in mid March 2020. As of 1st Feb 2021, we are still continuing to work remotely since the situation hasn't stabilized yet.

Our new Bangalore office will be ready by March 1st, 2021. For now, we aren't expecting everyone to work out of it as soon as it opens. But atleast some of our Bangalore folks are willing to work out of it because they are tired of working remotely and want an office atmosphere. We expect people to slowly get comfortable with the idea of coming to office over the next several months.

4. Are we okay with a permanent remote working arrangement?

As much as we'd like everyone to work out of office once this pandemic passes, we're open to considering a permanent remote working arrangement in case you have a strong reason to do so.
