Univ.AI

Senior Manager - Marketing (Digital)

Who are we?
At Univ.AI, we are defining the future of tech higher-ed. We are founded and run by Harvard and UCLA professors of Artificial Intelligence. We teach **LIVE** online, and provide a learning experience that emulates the experience of learning at world's top universities. We are introducing a second learning system (under a subsidiary brand) - a very unique LIVE equivalent of "coursera" where beginners of all stripes can learn "live" at large scale and on demand.

We seek to be the 'global leader' in our segments and are looking for passionate, driven, high-energy folks, who will get us there. We are looking for **WINNERS.**

Our Founding Team:

- Siddharth Das - Former CEO, Reliance Jio Financial Technologies; M.S., Massachusetts Institute of Technology
- Rahul Dave - Former Faculty, Harvard University; Ph.D. UPenn
- Pavlos Protopapas - Director of M.S. Program in Data Science, Harvard University; Ph.D. UPenn
- Achuta Kadambi - Assistant Professor and Computer Vision leader; Ph.D. Massachusetts Institute of Technology
- Raghu Meka - Associate Professor, UCLA; Leader in computer science theory, Researcher, Microsoft; Ph.D., The University of Texas, Austin

Univ.AI is looking for a **Head of Marketing** who can drive 10X growth.

About the role:
An experienced, HANDS-ON digital marketer with significant core digital marketing skills, hands-on with CRM platforms, and data analytics tools.

Educational qualifications - none required. Exceptional skills are what we seek.

Work background - Direct prior experience with "implementing" growth hacking, social media marketing; hands-on experience with content, content editing, content scripting and content deployment - including written, video, graphic and other multimedia content.

See what we are looking for below and let us know if you have what it takes.

What you'll do:

- You will work with a team but will be able to participate in execution (i.e. hands-on)
- You are able to develop a clear and precise vision + execution strategy to drive traffic, engagement, and conversion across every social marketing channel and forums to achieve our lead generation, brand building, and awareness goals while at aggressive per lead costs.
- You know how to leverage different channels for our target audiences. You have skills that span all social media including FB, Insta, Youtube, LinkedIn, SEO, GoogleAdwords, and developer/technical forums
- You have a sharp eye for content/creative, and you are adept at creating/editing scripts and content that will drive content/ ad clicks and engagement, high email open rates, and video views.

- You are able to manage by targets to achieve daily, weekly and monthly goals across India and the US markets (primarily and significantly), and other geographies
- You are obviously savvy with numbers.
- You have growth-hacking skills

Technical Skills

- You can growth hack
- You can set up audiences for directly launch social media campaigns
- You can offer precise direction for search marketing
- You understand Youtube like the back of your hand and run campaigns there as well
- You know SEO
- You know what makes for great videos, insta reels and more, and can oversee the creation of great content
- You are good at scripting, both for video as well for graphics and other multimedia
- You know what it takes to build out presence in forums
- You manage by numbers, and are good at making sense of data

Traits

- You are hungry for success, and have very high personal accountability.
- You are hands-on.
- You are a constant learner and have excellent research skills to stay abreast of both the latest in your craft and with the competitive landscape.
- You know what you are doing and make reasoned bets to course-correct as needed to achieve goals.
- You dream big, translate them into targets and set about achieving them in “small tangible segments.”
- You take criticism well and respond quickly.
- You do what it takes, and however much it takes.

Managerial qualities

- You drive high speed execution at high quality via personal example
- You are a good judge of ability and can offer your colleagues and subordinates precise direction to achieve goals within stipulated deadlines
- You are a team player and can gather inputs and expertise from others and problem solve jointly
- You have the ability to work as a strong independent contributor
- You can wear multiple hats and are adept at time management
- You need to have an owner’s mindset and you’ll be given the latitude to have one

What do you get

- You will be a part of the senior leadership and will work directly with the Founders and the CEO
- Creative freedom and authority to drive goals and targets provided you show a trend of consistent accomplishment

Location: Bangalore (currently remote)

Joining: Immediate

Compensation: You will receive highly competitive compensation and an opportunity to share in the upside of an early-stage start-up if you are a significant contributor and successfully achieve aggressive goals to drive the company's growth.

If you're looking for your next challenge and are ready to grow as a professional, send your resume and cover letter to bhavna@univ.ai.
