Univ.AI

Video Content Manager

Who are we?
At Univ.AI, we are defining the future of tech higher-ed. We are founded and run by Harvard and UCLA professors of Artificial Intelligence. We teach **LIVE** online, and provide a learning experience that emulates the experience of learning at world's top universities. We are introducing a second learning system (under a subsidiary brand) - a very unique LIVE equivalent of "coursera" where beginners of all stripes can learn "live" at large scale and on demand.

We seek to be the 'global leader' in our segments and are looking for passionate, driven, high-energy folks, who will get us there. We are looking for **WINNERS.**

Our Founding Team:

- Siddharth Das - Former CEO, Reliance Jio Financial Technologies; M.S., Massachusetts Institute of Technology
- Rahul Dave - Former Faculty, Harvard University; Ph.D. UPenn
- Pavlos Protopapas - Director of M.S. Program in Data Science, Harvard University; Ph.D. UPenn
- Achuta Kadambi - Assistant Professor and Computer Vision leader; Ph.D. Massachusetts Institute of Technology
- Raghu Meka - Associate Professor, UCLA; Leader in computer science theory, Researcher, Microsoft; Ph.D., The University of Texas, Austin

We are looking for a **Video Content Manager** to evolve our brand to the next level through compelling visual narratives on our website, collaterals and social media platforms. Speed of execution and delivery will be a key requirement.

You either have education and or experience in conceptualizing, scripting, and executing (by yourself or with others) short films and or adverstisements.

Your role

- Think, and plan in advance plan and execute video content calendar 60-90 days in advance
- Have strong scripting/key framing skills and the ability to create compelling video content social channels such as Youtube, Instagram, Facebook, Linkedin, Twitter, Telegram, Discord, Linkedin, Reddit
- You will need to plan and deliver to tight deadlines - so advance planning of both concept and execution will be key
- You will need to make time in your calendar for some content that may be needed with very little advance notice.

Personality traits we are looking for

- You are hungry for success and strive to be world class

- You learn constantly by through research and share your learnings with the company continuously
- You are open to criticism and turn feedback into results
- You pay attention to detail
- You have a modern aesthetic

Why Univ.AI?

- Work with the best - An opportunity to work directly with an accomplished business leader and professors from the world's best universities to get first-hand experience in building a pioneering educational startup
- Continual growth and impact- Add substantial value by working with an organisation that encourages individuality, ownership, unparalleled impact and speedy career growth based on performance.

Location: Bangalore (currently remote)
Joining: Immediate
Compensation: 10 - 20 LPA (based on expertise and experience)
