Job Description

The Company

WisdomCircle (www.wisdomcircle.com) is a seed-funded start-up that is building the largest and most trusted global platform for retired professionals in the world. We hope to use this platform to help people find meaningful things to do post retirement, at the pace they want to. We have been in operations for 4-months.

The leadership team of the company is comprised of alumni of Stanford, Harvard, University of Chicago, IIT-Mumbai, LSR, London School of Economics.

We have openings for the following full-time roles for recent graduates:

(1) **Content Creation Analyst** – should have an interest in creating content, social marketing and know the various tools used in creating content. Will be a part of the Content team

(2) **Product Operations Analyst** – should be someone who will work closely with the Head of Product to make sure the Tech product works effectively. Should be logical in thinking.

(3) **UI/UX Analyst** – Someone with a keen desire to learn this area, with some experience either in an internship or as a hobby. Needs to be tech savvy and aware of tools for the subject.

(4) **Legal /Compliance/Finance Analyst** – will work directly with the Chief of Staff to the CEO on these matters. Should have a law degree or be a CA

(5) **NGO Analyst** – will report to the Lead, NGO Vertical. The NGO vertical is responsible for identification and creation of opportunities in the NGO sector. Should be passionate about the NGO sector

(6) **HR Analyst** – will work directly with the Head of People and Customer Success of the company, and should have an interest in the HR/People area, and a client service mindset.

(7) **Armed forces Analyst** – will work directly with the Lead Armed Forces Vertical. Should have a family background in the Armed Forces, and have a desire to help people in this segment find meaningful things to do post retirement.

(8) **Tech Analyst** – must have a background in computer science. Someone who loves to code.
