Recruitment Associate at iTeach Schools

Overview

iTeach Schools is a fast-growing Teach For India alumni-led startup, focussed on providing a free, foundational and excellent education to secondary students. Founded in 2015, we now operate nine schools from V to X across Pune, in collaboration with Pune Municipal Corporation and our donors (read about our 6 year Journey here!).

Our students hail from Pune's most under-resourced households. The secondary grades are the last laps of intervention for our students, and probably the only real chance we have left to level the playing field between them and their high-income peers. Currently in our seventh year, we serve 2000 students and 1350 alumni through a strong team of nearly 170 staff members.
