amuselabs

Job description for a Business Development Manager

About Amuse Labs

Amuse Labs is a growing startup based out of Bangalore and San Francisco, and is the leading provider of online Smart Games such as crossword, sudoku and other puzzles. It was born out of a collaboration between the computer science and journalism departments at Stanford University, and counts as its customers some of the leading news publishers of the world, such as The Washington Post, The Guardian, The Irish Times, Gulf News, The Los Angeles Times, El Pais, The Times Of India, and others. Your work will thus have worldwide visibility and impact. Expect to work on fast-paced and innovative projects with a world-class team.

About the role

You will be responsible for building up new business development opportunities and closing deals with our partners and customers.

Key responsibilities

- Manage and own inbound leads coming via various channels
- Continuously build the sales pipeline by identifying new sales opportunities in current and new markets/verticals
- Drive the BD pipeline, working through the leads, reaching out, prospecting & qualifying potential customers
- Prepare sales proposals
- Maintain communication and follow through with prospective customers until deal closure
- Work with internal teams to develop sales pitches, collateral, templates, etc.
- Develop a strong understanding of the product to deliver high quality demos
- Execute the BD process to deliver on overall business goals

Key skills/attributes

- At least 2 years of experience in business development, preferably in B2B/SaaS technology firms
- Resourceful, detail-oriented, highly organised, hands-on and enthusiastic about growing a startup business
- Learning mindset and ability to adapt to changing circumstances in a startup environment
- Excellent communication skills, ability to present and negotiate with international customers
- Knowledge of multiple languages would be a plus
- International exposure would be a plus

- A personal passion for fun puzzles and smart games is a plus

Please be prepared to provide references from reliable people (any recommendations on your LinkedIn profile may also help pass screening.) Before you apply, please go through our website at https://amuselabs.com to know more about our products.

Salary will be commensurate with experience and comparable to those in MNC product companies. We are a small and tightly-knit team of about 20 people and looking to grow quickly, but selectively.
