Sustainability Advocate

About the role:

We are seeking a Sustainability Advocate to drive B: Live's impact initiatives across various areas including environment and carbon emission, women entrepreneurship and skilling, rural and micro-employment. The Ideal candidate will have experience in creating and implementing initiatives that drive impact, a strong passion for sustainability, and a deep understanding of electric vehicles

Your key deliverables are to:

- Develop and implement impact initiatives in the areas of environment and carbon emission, women entrepreneurship and skilling, rural and micro-employment.
- Work with various teams within B: Live to identify opportunities for impact and collaborate with external stakeholders to achieve the company's goals.
- Develop and manage impact measurement systems to assess the effectiveness of B: Live's initiatives and provide regular updates to the leadership team.
- Build and maintain relationships with external partners, stakeholders and organizations that alignwithB: Live's mission and impact goals.
- Create and execute communication strategies that effectively communicate B: Live's impact initiatives to stakeholders, partners and the public.
- Stay up to date with the latest trends and best practices in sustainability and electric vehicles.

Key Skills:

• Excellent project management skills with the ability to manage multiple projects simultaneously. • Strong analytical and problem-solving skills with the ability to make data-driven decisions. • Excellent communication and interpersonal skills with the ability to build relationships with internal and external stakeholders.
• Deep understanding of electric vehicles and their role in achieving a sustainable future. • Ability to work collaboratively with a diverse team in a fast-paced environment.

You must have:

- Candidate should be graduate in relevant field such as sustainability, business administration or social impact.
- Minimum of 1-2 years of experience in developing and implementing sustainability or social impact initiatives.

About B:Live:

B: Live’s mission is to give people the power to choose and own an EV to create a green and pollution free world. We are a multi brand EV platform with the largest ecosystem of EV manufacturers, services and retail centres on a digital platform to enable discovery, experience and ownership of EVs. Since our inception in 2018, our ‘digital to physical’ approach has assisted thousands of people inmorethan50 cities to switch to electric. We promote adoption of EVs through our award winning experiential Ebiketours, community of EV experts and omnichannel EV platform. Headquartered in Goa with offices in Bangalore, BLive is the fastest growing EV platform with an extensive network of multi-brand EV stores and a growing number of personal and commercial customers. We're redefining sustainable mobility in India and here's your chance to shape the future drivenbyElectricvehicles.

Our culture:

As a fun young startup, we believe in the power of ideas and the spirit of innovation. We are a non-hierarchical and agile organisation putting people first, as our most valuable asset. We encourage taking risks and trying out new ideas, rewarding those who take ownership and accountability.
