CAPITEL

Candidate Profile: Analyst

Function: Transaction Advisory
ID: AN2022-08

We are commercial transaction advisors for investment evaluation and due diligence of $1bn+ deals in the TMT industry. We advise on transactions in digital Infrastructure (e.g., Data Centers) and digital assets (e.g., Blockchain protocols and Web3 apps).

Our client base includes global private equity funds and operators. In the last five years, we have advised on more than fifty transactions with a cumulative deal value of more than forty billion dollars.

In 2022-23, we expect a majority of our engagement work to be within Asia-Pacific with opportunistic assignments in Europe and Middle East.

Capitel is headquartered in Singapore with offices in Gurgaon and New York.

Profile details

- We are looking for Analysts with strong academic credentials and good school experience
- Candidates should have logical thinking and communication skills, and willingness to learn complex Excel modelling. We do not expect any prior understanding of technology, and will train candidates over projects and in training programs once they start with us
- An Analyst at Capitel has a strong work ethic with a client-first mindset. They are able to deal directly (in-person and on calls) with senior client teams in India and Asia, and travel internationally for ~1-2 months every year
- The candidate will be initially based in the India office for at least two years and transferred to Singapore office depending on their ability to manage international clients, independently lead engagements and support business development.
- CTC INR 20L for Analyst level – INR 17L Fixed + INR 3L Variable (based on individual performance, with a minimum payout of INR2L and a maximum payout of INR5L).

Contacts

We have a Pre Placement talk scheduled at the campus, but Ashoka alums will be willing to address any questions that you may have – please feel free to reach out to Akhil.bhardwaj@capitelpartners.com and sarthak.duggal@capitelpartners.com for any questions that you may have on the role, work culture, growth opportunities and client engagement models.
