[Job opportunity in Education / Career Advisory space]

EduCoach Services is a leading education and career counselling firm, with head office in Delhi NCR and liaison offices in Colombo, Pune, Mumbai and Bangalore

We at EduCoach believe in helping the student not just find a suitable career path but find a path where he/she can thrive and impact the lives of many. Our counseling services are tailor-made according to the needs, interests, and strengths of each and every student. We provide test prep for international curricula and standardized tests for college admissions such as: SAT, ACT, LSAT, IB, IGCSE, IB, AP and consulting services for Undergraduate, Postgraduate, MBA, Boarding Schools, and summer programs. We believe every child is unique and so is our service!

What we are looking for:

We are looking at hiring **career advisors / research consultants / student mentor buddies (facilitators)** for our firm for Delhi / Gurugram office. (We are operating virtually as of now and anticipate doing so at least for the next 6 more months). We are also open to having people from other cities like Mumbai, Bangalore, Hyderabad, Indore, Chandigarh, Lucknow work (virtually) with us for the above positions as we foresee expanding to other cities and having a physical office in these cities in the near future. No prior experience in this space is required (we have robust self-starter training modules) but certainly an add on. In case you've studied overseas or in an international high school curriculum or understand about different curricula, admission processes at universities, etc, it certainly is a BIG plus. Do apply if this sounds like what you'd like to or explore to do!

Excellent opportunity of being part of a journey where alongside your own individual and professional growth, you create a tangible impact and value in the lives of students you engage with. Also, we are looking at long-term members joining our team with a futuristic and growth oriented mindset (despite the pandemic, most of our staff members received their promotions and salary increments this year)

Salary: 4.5 L P.A. to 7.2 L P.A.

Location: Work from Home (EduCoach is a digital tech-integrated company)

Key Responsibilities:

- Counselling students to find the best fit college(s) for them based on their interests and aptitude.
- Filing of university applications on behalf of students
- Helping in polishing the essays, letters of recommendations and other writing based assignments for the university applications for students.
- Monitoring the growth/progress of the students, by regularly touching base with them and their parents as per the blueprint prepared by us.
- Enhancing the profile of the students by suggesting suitable academic / extracurricular courses/activities
- Forming synergistic tie ups with other educational / career partners to improve EduCoach brand visibility and overall business.

- Digital Marketing and branding of EduCoach– especially through the success stories of the students being mentored directly by you and through any new program that we start that could be of interest to your target parents and students.
- Training students on basic English skills and helping them crack TOEFL/IELTS examinations
- Launching and working on EduCoach monthly newsletter detailing the trends prevailing in the education industry.
