Programme Manager

Essai Education is an international college admissions consultancy that offers strategic profile building and comprehensive application support for motivated undergraduate and graduate applicants.

We are hiring for a Programme Manager in our Research and Academics Division, who will manage our structured high-school academic mentorship program and provide support with the development of mentorship arrangements and interactions with professors, lecturers, doctoral researchers, and graduate students from top universities across the world.

Essai is a dynamic and growing company looking for outstanding communicators and academicians from diverse backgrounds. This is the ideal opportunity for anyone who has an appreciation of language, ideas, and creative expression.

Starting Salary: Rs. 60,000 / month (prior to tax deductions)

Roles and Responsibilities:
- Virtual, full-time work, with the Programme Manager expected to be available from 11am - 7pm on Mondays to Fridays, and 11am - 4pm on Saturday
- Provide comprehensive research and development and administrative support for the Discover Research Program, the Franklin Essay Competition, the Innovate Science Fair, and other proprietary academic and research-oriented operations for the company
-Providing comprehensive editorial support for Essai's affiliated operations, as required

Qualifications Required:
- A completed (or nearly completed) Bachelor's degree with demonstrated aptitude and experience in writing
- Experience in research-intensive environments
- Ability to multi-task in a time-sensitive fashion
- Ability to work effectively and respectfully with a diverse team
-Ability to present deliverables in a time sensitive manner
- Advanced written English-language communication skills
- Ability to communicate responsibly and charmingly with students as well as mentors
