With a startup spirit and 90,000+ curious and courageous minds, we have the expertise to go deep with the world's biggest brands—and we have fun doing it. Now, we're calling all you rule-breakers and risk-takers who see the world differently and are bold enough to reinvent it.

Transformation happens here. Come, be a part of our exciting journey!

Are you the one we are looking for?

Inviting applications for the role of Assistant Manager - Community Manager!

As a Community Manager in Genome, you'll be owning learning experience learners across globe. This role is of not only high visibility but also one that is bound to have high growth potential. And that's why we are looking for a self-starter who is energetic, agile, and passionate about people and can work closely with senior leadership in the organization. Community Managers will manage the 'social aspect' of the learner experience.

Responsibilities

· Own learner experience of Transform and Solidify stages in the Genome BITS journey

· Run operations to ensure wave readiness for assigned channels through proactive planning for Transform and Solidify across skills and proficiency.

· Moderate Transform session; engage with learners and Master Gurus/ Gurus

· Schedule sessions along with Gurus and invite approved learners

· Leaner data validation for T and S as applicable.

· Learner engagement and proactive nudging of learners

· Master Gurus and Gurus experience for assigned channels and key deliverables

· Adherence to standard operating process and process audit

· Meet the operations metric, SLA, targets and measurement of community metrics (e.g. metrics around adoption, access, ratings, feedback etc.)

· Administrative set up of Guru Connects, Guru Forum and Solidify readiness

· Manage Solidify operations on workflow – task creation, setting up on workflow, managing learner workflow for peer review, tracking and reporting

· Leverage data and insights to enable wave completion for assigned skills

Qualifications we seek in you!

Minimum qualifications

· Excellent MS office skills – mail merge, macro creation knowledge is critical

· Excellent written, verbal communication and presentation skills

· Strong problem-solving skills to work effectively in a team environment

· Internal / External Stakeholder coordination

· Management Reporting and Escalation handling

· Outstanding collaboration and interpersonal skills

· Self-learning & development

Preferred qualifications

· Graduates & Above

· Agile (Beginner/ Intermediate) preferred
