Job Summary:

Indegene is looking for talented professionals to complement the team. In light of this, the role holder in **Project Management** would act as a partner to plan and implement short-term and long-term on-time and on-budget delivery of projects.

The Job entails the following but not limited to:

- Understanding project scope, goals and deliverables of the Projects assigned based on the needs of the business unit assigned.
- Manage customer expectations - response time and attitude. Ensure high CSAT's through formal and informal client and stakeholder engagement
- Anticipate bottlenecks and propose solutions to clients or production teams in advance through effective communication
- Effectively communicating project requirements to team members and stakeholders in a timely and clear fashion by identifying and managing project dependencies and critical path.

- Helping the project teams including domain and technical leads to plan and schedule project timelines and milestones using appropriate tools. Liaising with project stakeholders on an ongoing basis.
- Identifying and resolving issues and conflicts within the project team.
- Developing and delivering progress reports, proposals, requirements documentation, and presentations.
- Defining project success criteria and disseminate them to involved parties throughout project life cycle.
- Developing best practices and tools for project execution and management.

Job Specification:

- **Education:** Graduate & Post Graduate with MBA
- **Work environment**: Willingness to work in a Global Working Model

Who are we looking for?

We are looking for people who have/can:

- Passion for healthcare and life science industry
- Ability to connect the dots and solve problems
- Ability to strategically manage and communicate with stakeholders
- Drive and ambition to continuously learn and grow
- Drive results in an ambiguous and uncertain environment
- Take decisions based on facts and data

Location: This position will be based out of India, Bangalore

Designation/Title: Project Associate
