JOB DESCRIPTION

Inventure Academy, a Pre-K to 12 school located on Whitefield-Sarjapur Road in Bangalore. Inventure Academy was set up by the India Learning Foundation in June, 2005 and since its inception, Inventure Academy has earned the distinction of being rated number # 3 in the country by the Education World magazine's C-Fore Survey and ranked #2 in Karnataka and Bangalore. You can visit the school website for more details about our school. Next academic year (2023-24) we are planning to open another campus Inventure, Jindal Campus in Bangalore.

At the Primary level, we follow an integrated curriculum based on the NCERT (National Council of Education Research and Training) and Cambridge International Primary Programme (CIPP) guidelines. In Middle School we follow an experiential, enquiry-based approach, with a curriculum based on guidelines provided by the ICSE & IGCSE. Children are encouraged to explore subjects in depth, and in parallel, which often culminates in integrated projects. In Secondary & Senior Secondary School, academic rigour, varied prescribed reading and supervised forays into the internet stimulate, synthesise and co-ordinate learning. Students are guided in their preparations for their ICSE, IGCSE, ISC and A/AS level Board exams.

At Inventure, we firmly believe that a child who is exposed to a multitude of experiences, as opposed to being solely focused on book-learning, is the kind of child who grows up to excel socially, emotionally and professionally in an interdependent and complex world. Our Co-Curricular and Wider World programmes like Sports, Whole School Musical Production, Community Outreach, Change Maker, Model Parliament / UN, and Internships give our students the impetus to discover individual talents, work collaboratively, be socially responsible, learn life skills and to become high achievers - in academics & beyond.

We would be delighted to receive applications from your prospective graduates for the coming Academic Year for both the Inventure Academy main campus as well the Inventure Academy Jindal Campus. We offer a one year faculty development program, **Learning to Fly (LTF)** where these graduates will join us as trainee teachers to learn the Inventure way of teaching and learning. We will then enable them to progress to their choice of Subject(s) and Section(s) of school. We are specifically looking for graduates from Humanities, Maths and Liberal Art departments.

We initiated this Trainee Teacher Programme in the year 2018-19 with 6 Trainees who have started teaching in Primary and Middle school in May 2019.Currently, we are running the fourth batch of the Learning to Fly program. These trainees will undergo rigorous pedagogical training in the first 5 months and then co-teaching for the rest of the year alongside their mentors who are champion teachers at Inventure Academy.
Please find further details below:
