- Serves as a visionary leader across the businesses they are assigned to lead
- Responsible for creating creative Strategy and planning for various brands across all digital platforms.
- Develops big strategic platform ideas grounded in data and rich in insight and steward their growth and development.
- Serves as the lead team member with ultimate responsibility for the quality of the strategic and creative products the team produces.
- Leads and directs new business efforts with a clear understanding of the agencies go-to market strategy.
- Contributes to the agencies intellectual property by developing broad-based initiatives on techniques and topics relevant to Agency and Client interests.
- Uses all forms of data to uncover insights, with a strong mastery of both qualitative and quantitative research.
- Mentors group members, in addition to being able to help manage their projects on a day-to-day basis and motivate them to push their thinking to the next level through a visionary approach to their problems.
- Acts as a strong client and creative partner to drive the brand and business mission forward.
- Demonstrates and fosters a collaborative work environment in which ideas flourish.
- Manage a team of senior brand strategists and planners on using the agency process, methodology and optimize their skills and talent

Brand Strategist

Professional Skills:

- 3 - 5 years in advertising planning, brand strategy, consumer insights, or other fields that you can demonstrate pertain to mainline & digital account planning.
- Proven campaign and brand platform success.
- Command a room with an energetic, engaging, and inspirational presentation style.
- Collaborative nature, partnering with creative, media, account teams.
- Excellent writer and vivid presentation creator.
- Autonomous, fearless, and ready for the challenge.
- Must be passionate, highly driven, and highly motivated.
- Proven success working in cross functional teams.
- Confident and clear communicator.
- Bachelors or Master's degree preferably in advertising.

CTC: 10-17 Lacs

Senior UI/UX Designer

We are looking for a talented UI Designer to create amazing user experiences. The ideal candidate should have an eye for clean and artful design, possess superior UI skills and be able to translate high-level requirements into interaction flows and artifacts, and transform them into beautiful, intuitive, and functional user interfaces.
You will be able to make deliberate design decisions and translate any given user-experience journey into a smooth and intuitive interaction.

Responsibilities:

- Translate concepts into user flows, wireframes, mockups, and prototypes that lead to intuitive user experiences.
- Facilitate the client's product vision by researching, sketching, and prototyping for digital products.
- Design and deliver wireframes, user stories, and mockups optimized for a wide range of devices and interfaces.
- Be a great team player, experienced in working with agile teams.
- Create, improve, and use wireframes, prototypes, style guides, and user flows, and effectively communicate your interaction ideas using any of these methods.
- Identify design problems and devise elegant solutions.
- Present and defend designs and key milestone deliverables to peers and executive level stakeholders
- Present and defend your design decisions. All your design decisions should be based on the overall design roadmap as well as your own design thinking and fundamental principles (i.e. color theory, visual weight, etc.)
- Ask smart questions, take risks, and champion new ideas.

Senior UI/UX Designer

Requirements:

- Minimum 05 years of experience and a proven track record.
- Strong portfolio to be presented and defended during the interview.
- Hands-on experience creating wireframes, prototypes, storyboards, user flows, etc.
- Experience using relevant tools.
- Creative ideas with a problem-solving mindset.
- Experience working in an agile/scrum development process.
- Ability to work with clients to understand detailed requirements and design complete user experiences that meet client needs and vision.
- Extensive experience in using UX design best practices to design solutions, and a deep understanding of mobile-first and responsive design.
- Ability to iterate designs and solutions efficiently and intelligently.
- Ability to clearly and effectively communicate design processes, ideas, and solutions to teams and clients.
- A clear understanding of the importance of user-centred design and design thinking.

The candidate will be working on multiple brands and based out of Mumbai.
