

About the opportunity

Job Title: Associate Consultant
Function: FRM
Location(s): Bangalore/Gurgaon/Mumbai

KPMG is a global organization of independent professional services firms providing Audit, Tax and Advisory services. We operate in 146 countries and territories and in FY20 had close to 227,000 people working in member firms around the world.

KPMG entities in India are professional services firm(s) that are affiliated with KPMG International Limited. KPMG was established in India in August 1993. We offer services to national and international clients in India across sectors. We strive to provide rapid, performance-based, industry-focused and technology-enabled services, which reflect a shared knowledge of global and local industries and our experience of the Indian business environment.

FRM practice focuses on Risk Identification & Risk quantification both Stochastic and Deterministic modeling like Predictive Pricing, Expected Credit loss, Capital Optimization, Behavioral Modeling etc. Working on Front Office and Risk Tech like Murex, Calypso, SAS, supported by leading tools and experienced, specialist resources.

You will work with the sharpest minds in the business who bring in cross sector expertise. Our ambition is to grow the practice by 2.5 X over the next 2 years, with multi-dimensional capabilities.
