Who has been the driving Force**?** • **Our Leadership Team - Board of Trustees**	• Dr. D. R Kaarthikeyan, IPS (Retd.), **Padma Shri Awardee** Former Director - Central Bureau of Investigation, Former Director General – National Human Rights Commission, Former Special Director General – Central reserve Police Force • Ms. Pia Singh, Director DLF Limited, Chairperson DLF Foundation, Trustee Ananda sangha Trust • Mr. Aditya Gait, Spiritual Director, Ananda Sangha, Pune, Trustee Ananda Sangha Trust • Ms. Jayeeta Chakraborty, Program Director & Trustee
What are we Doing**?** • **Our Mission & Vision**	<u>Our Mission</u> • Supports destitute elderly women, mainly widows with food, clothing, shelter and medical care • Serves with love and compassion and as a family to the abandoned elderly. • Make available free / subsidized medical treatment to the destitute including surgeries, transplants and treatment for life threatening diseases. <u>Our Vision</u> • All destitute, abandoned, aged elderly are enabled and empowered to live a life of dignity and self -respect • The under-privileged sections of society are able to access complete and efficient healthcare facilities.
What are we Doing**?** • **Our Activities & Programs**	**<u>Maatri Seva Program (Community)</u>** • Supports 3,100 destitute, abandoned, aged (above the age of 65 years) Mothers living in clusters in communities in and around Vrindavan • Provides them with ration and daily supply of milk and vegetables through six distribution centers • Provides them with complete medical help including OPD consultations, Hospitalization, surgeries, investigations, medicines and physiotherapy • Care workers make at least 2 visits to the Mothers and help with daily chores like bathing, cleaning and cooking in case they are infirm. • Active ageing exercises, Yoga and community gatherings are organized to help them maintain physical and emotional health • Funeral services **<u>Maatri Seva Program (Care Homes)</u>** • Supports 76 very aged Mothers (average age 85 years). Many are completely bedridden and suffer from mild to severe disabilities due to paralysis, memory loss, Parkinson disease, blindness, kidney failure • They live in 3 care homes where a team of dedicated care workers look after them in a home like environment and help them with their daily chores. • The care homes provide all essential needs like food, clothing and medical help

Paramhansa Yogananda Public Charitable Trust

	• Active ageing programs, Yoga and community activities are organized regularly to help them remain active and improve their happiness quotient. • Funeral services **<u>Aarogya Vardhan Program</u>** • Provides free / subsidized medical care facilities to the destitute who do not have the means to pay for them. • The medical care includes hospitalization, bedside care, surgeries, transplant and medical treatment for life threatening diseases like Cancer, Heart ailments, kidney failure etc. • An ambulance service is operated to transport in emergencies • Our objective is that no life is lost due to lack of affordability of medical treatment **<u>Circle of Love program</u>** • An offline and online volunteering program for individuals to learn the art of "Seva" • Currently more than 100 individuals are serving under this program
Why are we doing this? • **Our Drive**	• Vrindavan is home for appx 10,000 widows • Many of these are aged and have been abandoned by their family or have been forced out of their homes due to various circumstances • Traditionally these women have flocked to holy places like Vrindavan, Varanasi and Puri in search of help and solace • Due to advanced age, lack of literacy and age-related ailments, it is almost impossible for them to do any work to earn a living. • Some of them earn a meagre amount by singing Bhajans. Others were forced to beg and live on the streets in abject poverty. • With woefully inadequate government infrastructure, they have almost no access to medical care facilities and lived a life of suffering and neglect.
How are we doing this? • **Our mode of execution**	• Our team conducts extensive surveys and due diligence to identify the Mothers in need • An identity card is issued which has the Mother's Photograph and a QR code to enable access to the programs operated by the Trust • A complete online database is maintained by the trust with all details of the beneficiaries under Maatri Seva Program • The Trust operates 3 care home and 6 distribution centers • The Trust has an MOU with Ramakrishna Mission hospital to deliver the medical care under the program operated by the trust • A trained team of 60 care workers support the Programs
Where we are doing this? • **Our Geographical footprint**	• At present we are ensuring a 90% coverage for all beneficiaries in Vrindavan and Radhakund, Uttar Pradesh
Since **When** we are doing this	• Since our inception in Aug 2015 (for almost 7.5 years)
Our Impact	• Improvement in the physical and emotional health of the beneficiaries • Reduced begging on the streets of Vrindavan • Reduction in the people dwelling on the pavements **37,29,960** units - free ***MILK & VEGETABLES*** *distributed* **2,44,270** units - free ***RATION*** *distributed* **3,58,281** patients - *free* ***MEDICAL SERVICES*** *provided* **1,10,066** patients - *free* ***SURGERIES*** *provided*
