Policy Unit, PPID, QCI

Roles: Analyst, Associate Manager
Joining requirement: within 15 days of selection (can be relaxed in exceptional circumstances)
Decision on designation and remuneration: as per QCI Service and Finance Manual; Commensurate to experience and interview outcome

About the Organisation

Quality Council of India (QCI) is a pioneering experiment of Government of India in partnership with the Indian industry. It's the apex Quality body in the country, an independent autonomous organization under Department for Promotion of Industry & Internal Trade (DPIIT), Ministry of Commerce & Industry. QCI leads nationwide quality movement in India by involving all stakeholders with emphasis on adherence to quality standards in products, systems, and services for promoting and protecting national interest and health and safety of its' citizens. To achieve this, QCI is playing a pivotal role in propagating, adopting, and adherence to quality standards in all-important spheres like education, healthcare, environment, governance, social sectors, infrastructure, and such other areas of organized activities that have a significant bearing in improving the quality of life of the citizens and economic development of the Nation.

Policy Unit of the QCI is a team of young professionals working towards augmenting capacity of the government in policy making, especially in the field of quality. It provides services in the following domains: (a) quality evaluation of goods, services, programmes, process and organisations, (b) strategic research and advisory in policy, quality, technology and population scale transformations, and (c) knowledge development and analysis for emerging/futures policies. The Unit contributes to the implementation portfolio of the Project Planning and Implementation Division of the QCI.

About the Role

We are looking for professionals with experience working in/with government bodies, or prior qualification/exposure to either of the following areas:

1. International Trade
2. Trade Policy
3. Government Relations
4. International affairs
5. Organizational Evaluation
6. Impact Assessment of govt. projects, schemes
7. Standards and Conformity Assessment
8. Market Surveillance
9. Commercial Laws and Policy
10. eCommerce

Consulting experience is desirable. The role reports directly to senior executives in QCI and is based in **Delhi.**

Role & Responsibilities

In the overall supervision of the Lead, Policy Unit, and guidance from QCI leadership:

a. Understand existing Quality Infrastructure (QI) in specific industry sectors, carrying out industry sector specific research, identifying potential areas for intervention by QCI and its Constituent Boards and Divisions, devising strategies and action plans, formulating draft policies and concept papers etc.;
b. Strategize on issues concerning trade, standardization, regulation, conformity assessment, standardization, etc. while promoting ease of doing business in India;
c. Liaise with Government departments / bodies, Regulators, Industry & Industry associations, and other relevant stakeholders to promote accreditation, and accredited conformity assessment;
d. Support the QCI leadership to deliver the overall strategy of QCI to support the Indian regulatory ecosystem;
e. Support expansion of the Policy Unit's work profile, engagement, outreach;
f. Work alongside other members of the team to promote collaboration between QCI and other parts of the Government of India to promote greater prosperity of India's trade ecosystem, address regulatory and market access issues, influence quality adoption by Indian industry and engage MSME and other stakeholders;
g. Develop strong collaborative relationship with partners and stakeholders;
h. Promote a diverse and inclusive working environment, ensuring the team is motivated, professional, collaborative and focused on delivering client excellence;
i. Formulate policies, concept notes, white papers, proposals etc., facilitate QCI's expansion in new avenues and pitch the ideas to clients in various sectors ;
j. Drive development and implementation of new strategic trade policies – leading a team to scope, develop and deliver new policy and strategy projects for QCI;
k. Build trusted relationships with senior leaders and peers across the government and collaborate across QCI, and with cross-government and private sector stakeholders.
