About Reap Benefit

Reap Benefit is in this endeavor of building and growing the solve Ninja Movement - *"Solving for India, one street at a time, by activating everyday leaders called solve ninjas"*

We are on a mission to enable 1 million citizens to engage in civic & environmental problem solving in their local communities to reshape citizen participation & strengthen local self -governance by 2025.

Till now we have activated 50k + Solve Ninjas (around 80% of them continuing as citizen social intermediaries), who have taken 94k + civic actions, started 3143 campaigns, and built 552 civic innovations to address local civic and public issues across the country.

Who is a Mentor, Frontline Team?

At Reap Benefit, Mentor role is one of the most important roles that catalyses the activation of Solve Ninjas. Mentors lead, facilitate and implement Reap Benefit's youth and adolescent engagement strategies by deploying the programs on the ground with young adults, with various educational institutions and partners. They mentor Solve Ninjas on different problem solving skills, provide advice and capacity building support in increasing the participation, engagement, and leadership of young people and helping them become active citizens in their neighbourhood. We intentionally choose to call them mentors as they build capacity, create enabling environments to help the youth find answers versus providing answers.

Typical day for our Mentor looks like:

- Engage with students/young adults from diverse backgrounds to become 'Solve Ninjas' at their school/college, home & community. You will be responsible to develop problem solving skills and retain this network of Solve Ninjas
- Actively involved in solving real-life problems with team and youth
- Plan and execute programs that range from small group discussions to large public engagement events for youths & adolescents in different communities and educational institutions
- Facilitate events /workshops/spaces that are fun, engaging, experiential for the students/youth
- Identifying the civic problems in the community and also systemic problems in implementing the RB programs
- Develop a good understanding of the our tech platform and ways to leverage them during sessions/workshops with students/youth
- Document all session related details and problem solving action taken by the students in a standard procedure

Along with your core responsibilities, each team member in Reap Benefit is expected to play a support role to other teams as per the need in the organisation.

Our Mentor will need to have:

- A Graduate degree with at least 2 years of experience of working with youth (Facilitation experience is preferred)
- Strong experience of mobilising youth, youth leadership and capacity building in local settings.
- Willing to do hands-on activities as a part of the job and to be able to think on the feet
- Ability to use participatory approaches, methodologies and tools in programs
- Able to establish good working relationships with colleagues & youth from a variety of cultures and background
- Having proficiency in at least one of these languages Hindi/Punjabi.
- Strong written and verbal communication skills.
- Ability to conduct internal and external coordination
- Knowledgeable in Microsoft Office Suite (Working knowledge in Raspberry pi and Arduino will be an added advantage)
- Willing to travel across Punjab

It will be a bonus if the Mentor can also have:

- Have a deep commitment to Reap Benefit's mission towards solving local issues
- Intent to be a better citizen
- Good Comic sense :)
