About Reap Benefit

Reap Benefit is in this endeavor of building and growing the solve Ninja Movement - *"Solving for India, one street at a time, by activating everyday leaders called solve ninjas"*

We are on a mission to enable 1 million citizens to engage in civic & environmental problem solving in their local communities to reshape citizen participation & strengthen local self -governance by 2025.

Till now we have activated 50k + Solve Ninjas (around 80% of them continuing as citizen social intermediaries), who have taken 94k + civic actions, started 3143 campaigns, and built 552 civic innovations to address local civic and public issues across the country.

Who is a Program Manager?

We are an organisation whose core work is to build self sustaining hyperlocal communities across all regions in India. The program manager is going to play an important role in helping the team to achieve this goal. They will be responsible for managing all the operations with the community lead, ensuring the team has all the resources and capacity to execute the role. The program manager for the community team, like all other members of the team, has to strongly believe in the importance of on ground mobilisation, power of communities and youth and be comfortable with managing data and technology.

Typical day for our Program Manager looks like:

- Design and manage the operations and day to day activities of the community team.
- Analyse program challenges & implement and manage changes and interventions to ensure program/project goals are achieved.
- Collaborate with the vertical lead to manage and coach a team of mentors to deliver on their outcomes.
- Collect, analyse and present data coming from the communities to the larger team to iterate the changes required in the design.
- Design and implement rituals (recurring activities conducted to keep the engagement high) across the communities along with the mentors.
- Coordinate with the communication lead to share stories from the ground with the ecosystem
- Develop a good understanding of the our tech platform and ways to leverage them to increase the engagement in the communities

- Timely document all the progress, stories, data and challenges across the communities.
- Create engaging reports on the progress of the communities and team to communicate it to the larger team and organisation.
- Actively involved in solving real-life problems with team and youth

Along with your core responsibilities, each team member in Reap Benefit is expected to play a support role to other teams as per the need in the organisation.

Our Program Manager will need to have:

- 2-3 years of relevant work experience. Experience of working with or building community is preferred.
- Prior experience of managing a team of 2+ people is preferred.
- Strong project management, stakeholder management, data collection and analysis skills
- Communication skills so as to deliver a compelling message through oral and written mediums to diverse stakeholders
- Fluent in English, can speak either Kannada or Hindi well.
- Willingness to be active in field-based activities to understand the pulse of the communities
- Ability to be resourceful and entrepreneurial in the face of uncertainty.

It will be a bonus if the Program Manager can also have:

- Have a deep commitment to Reap Benefit's mission towards solving local issues
- Intent to be a better citizen
- Good Comic sense :)
