(A Wholly Owned Subsidiary of the Reserve Bank of India)

JOB PROFILE

Position	Associate & Senior Associate (0-5 years exp.)
Company	Reserve Bank Innovation Hub (RBIH)
Location	Bengaluru, India
Term of Employment	5 years extendable on mutual consent

COMPANY BACKGROUND

The Reserve Bank of India (RBI) set up the Innovation Hub (Termed: RBIH), to promote innovation across the financial sector. The Hub will leverage technology and help create an environment that would facilitate and foster innovation. RBIH will collaborate with financial sector institutions, the technology industry, and academic institutions to coordinate efforts for the exchange of ideas and the development of prototypes related to financial innovation. The hub will help develop internal infrastructure to promote fintech research and facilitate engagement with innovators and start-ups. RBIH provides the platform to anchor a shared vision among all financial ecosystem stakeholders and aid them in crafting forward-looking innovation strategies while addressing the most pressing issues in the Indian financial sector.

Key Responsibilities

- Proactively identify key issues for in-depth research and analysis.
- Respond to internal and external requests for information data or analysis of topics relevant to the research subject.
- Present research findings through written reports, presentations, and publications/articles as and when required to various stakeholders, government, and others.
- Maintain knowledge of government policy decisions and industry development with respect to the relevant research subject.
- Interpret and analyze policies, public issues, and /or the operations of government, businesses, and organizations in the relevant research subject.
- Perform advanced analysis to determine the root cause of complex issues related to the research subject.

- Consult with government officials, industry, academia, civic bodies, research agencies, the media, and other stakeholders on identified research topics.
