SATTVA
CONTINUING TO DELIVER HIGH IMPACT

Position: **Analyst**
Location: **Bangalore/Mumbai/Gurgaon**

Who we are

We are an organisation driven by the mission to end poverty in our lifetime. Our work focuses on scalable solutions for sustainable social impact. We work with our clients - corporations, philanthropists, foundations and social organisations - to achieve social impact goals effectively and maximise the social return on their investment. Deep understanding across sectors and collaboration with multiple stakeholders drive our work. This approach helps us and our clients develop holistic solutions for solving critical societal problems.

We are driven by impact and powered by knowledge. We bring the right balance of **head-heart-hand** to our work.

Our work is powered by the passionate energy of our mission-driven young team, guided by the strong leadership and advisory board who bring in multi-dimensional experience in business and social sectors. Our team of 150 (and growing rapidly) across offices in Bangalore, Mumbai and Delhi come with stellar professional credentials from diverse backgrounds and are bound together by our common commitment to social impact.

The Opportunity

As an Analyst, your analytical skills, interpersonal commitment to impact and collaborative skills will be called upon from day one. You will be required to go deeper into providing solutions to our clients' biggest challenges and make a positive, lasting impact on their programs and the social impact ecosystem.

You will begin as a generalist and be placed in the thick of action, you'll begin to specialize in one or more practice areas guided every step of the way by Sattva mentors and specific training programs you may need.

While everyday will be different, your role will be the following:

- **Define** the problem for the team to enable the development of the solution and recommendations to meet project goals
- **Engage** in discussions with internal team members, customers, community on the ground, other stakeholders like NGOS. Ask probing questions to gain in-depth understanding of the situations, problems on the ground and execute programs to achieve the desired outcomes
- **Communicate** effectively with the client and key stakeholders in a timely manner to share regular updates, minutes and progress. Work closely with the PMO to manage the project and ensure its KPIs are met.
- **Understand** client needs and respond to their questions and strengthen project governance and manage/ mitigate the risks.

- **Implement/ support implementation** of projects on-the-ground and validate the hypotheses in different contexts to constantly refine the program strategy
- **Document and prepare** key project artefacts such as project plan, project governance decks, regular communication documents with clients.
- **Building** processes and systems for project management and governance
- Must be able to **build a trusted relationship** with partner organisations and take initiative and ownership to come up with ideas and solve for impactful execution

Who we are looking for

At Sattva, our goal is realizing the impact on the ground and to drive a collective win by engaging with multiple stakeholders. We are looking for individuals who align with our mission of alleviating poverty in our lifetime. They will therefore need to have the following profile:

- 0-2 years of professional experience in the developmental sector
- Passionate and driven towards creating long term, sustainable, social impact
- Exceptional critical thinking and problem-solving skills
- Excellent written and oral communication skills
- Strong presentation skills with the ability to communicate complex ideas effectively
- Willingness to travel to remote locations as per the requirements of the project/ team
- Display humility, willingness to listen and excitement to learn
- Self-driven, curious and adaptable personality with the ability to produce accountable work
