Job Description

In a nutshell, your job is to help our clients market their products - that means converting their Ad Spending into direct revenue! You will be directly responsible to strategize, creating, monitoring, and iterating Ad Campaign

- Strategize, execute, monitor, and manage campaigns across multiple platforms
- such as Google Adwords, Facebook Ads Manager, Google Shopping Ads & eCommerce marketplace.
- Oversee growth in performance to meet clients' business goals and strategies.
- Manage the platform's daily budgets, billing reconciliation, and spend pacing in adherence to allocations and desired return
- Map ad formats to advertising objectives
- Plan and Optimize landing page testing
- Report on key performance indicators and lead generation initiatives
- Create eye-catching and informative pay-per-click text ads as well as continuously implement text ads – A/B testing.
- Collaborate with marketing teams to discover, and test data-driven ways to optimize performance
- Build Budget Recommendations & media plans
- Document campaign evolution to monitor the overall performance and identify best practices.
- Present account reviews internally as well as to clients over client reporting calls.
- Explore new opportunities to grow campaigns more efficiently and effectively
- Ensure a data-led approach to all activity, creating a clear test & learn the strategy
- Lead the Service front and be a face for the service and be involved for pre-sales technical queries & lead training across the department.

Skills Required

- At least 6 years of experience in Paid Search & Social
- Impeccable verbal and written English
- Knowledge of search engine optimization and keyword research
- Ability to understand the target audience and plan campaigns accordingly
