Job Opening - Research Lead

Job Brief

We are looking for a Research Lead to join our team which is a **full-time position and based in Hyderabad/Mumbai, India.** As a Research Lead at ShowTime Consulting, you will drive high impact projects through top-notch insights, translate strategic insights into actionable campaign plans, keep a close tab on important developments in the socio-political sector and provide persuasive policy level inputs to the client in a time bound manner.

What We Are Looking for In You?

1. At least 5+ years of work experience in the Political Consulting/affiliated domains
2. Strong analytical skills and knowledge of politics, public policy and economics. Should be able to sparse data and unpack microeconomic as well as macroeconomic concepts.
3. Strong bias for impact and taking on complex problems of governance through structured and strategic thinking.
4. Has experience of leading a team and steering multi-taskers.
5. A great communicator with strong interpersonal, writing and editing skills and ability to thrive in a fast-paced, collaborative environment.
6. Strong inclination to try new things, and not be afraid of failure and bring creative and entrepreneurial energy to the job.

Main Duties & Responsibilities

1. Provide strategic direction to major research projects and liaise with key clients.
2. Identify and develop research questions for specific policy issues
3. Create briefs/speech inputs for various clients as well as internal team reviews
4. Assist the client in setting the narrative and identify key electoral issues
5. Create and deliver issue primers & design campaigns by prioritizing on impact.

   Flexibility to take on additional responsibilities.

Required Qualifications

1. Any Bachelor's/PG Degree preferably in Public Policy, Politics or Economics from any Top Tier institutes
2. Relevant work experience in the Political Consulting/affiliated domains is a deal breaker
3. Proficiency in MS Excel (Knowledge of statistical analysis software like R, STATA, SPSS would be a plus)
4. Ability to identify appropriate methods to research and carry out independent analytical investigations
5. Exposure of working in fast-paced and dynamic environment
6. Have a strong bias for action and ability to deal with ambiguity
7. Excellent skills in communicating findings in a coherent and succinct manner

Compensation will be commensurate with experience

Who are we?

We are an elite team of India's most innovative professionals that help politicians and political parties solve their short and long-term campaign challenges with data, research and design-based thinking. Our past work includes building wildly successful organizations, driving large scale campaigns in the remotest parts of India, and solving highly challenging problems. We are currently one of India's fastest growing startups.
