Job Opening - Campaign Operations Manager

Job Brief

We are looking for a **Campaign Operation Team** to plan & execute high impact campaigns. The ideal candidate should be able to manage the end-to-end planning & execution of campaign strategies including coordination with campaign teams and stakeholder engagements.

Associates, Senior Associates, and Managers are part of project teams in the campaigns and work with the organization team and client team members to develop political and campaign strategies for the client.

What We Are Looking for In You?

1. Experience in drafting execution plan to handhold implementation in coordination with internal and external stakeholders
2. Extensive knowledge of detecting the political pulse of various demographic, geographic, and legislative entities through a series of rigorous primary research initiatives
3. Working knowledge of handling Internal/External Implementation Partners in the execution of campaign files including defining requirements, managing deliverables and auditing campaign files.
4. Ability to work on the successful end to end campaign launch across identified areas as per defined date and time
5. Ability to work on the post Campaign response by collaborating with the Analytics team
6. Proactively provide the inputs to product/content/execution teams at the back end in order to optimize the campaigns
7. Liaise with finance team to control/streamline campaign budgets

Required Qualifications

1. Graduate / Post Graduate from Tier 1 institutes
2. Prior experience in executing political campaigns on the ground that carry out large-scale outreach
3. Possess superior problem-solving and analytical abilities, as well as the ability to propose practical solutions to problems. Contribute ideas and strategies towards the roll-out of campaign initiatives
4. Ability to pay attention to minute details that can have a long-lasting high impact
5. Have a strong bias for action and an ability to deal with ambiguity
6. Excellent communication skills to coordinate with various external vendors, internal teams, including digital media, data analytics, strategic research, and operations, to achieve campaign aims.

Preferred Qualifications

1. Previous work experience in any political consulting domain will be a deal breaker
2. Context and understanding of Andhra Pradesh's culture, geography, and political landscape will be a plus.
3. Language proficiency in Telugu is must

Who are we?

We are an elite team of India's most innovative professionals that help politicians and political parties solve their short and long-term campaign challenges with data, research and design-based thinking. Our past work includes building wildly successful organizations, driving large scale campaigns in the remotest parts of India, and solving highly challenging problems. We are currently one of India's fastest-growing startups.

Location: Hyderabad (Candidate should be open to travel to required location as per project requirements)
