Working at Teach For India

Teach For India is on a journey to reach an India free of poverty and filled with love by ending educational inequity in our country. Twelve years into our journey we are a movement of 3800 Alumni working at all levels of the education system, who are reaching 1 in 10 children across the country. These Alumni have graduated from our two-year Fellowship Program where they taught in under-resourced classrooms to put 32,000 low-income children on a different life path. Today, we have 970 Fellows and are the largest pipeline of driven, skilled talent into the educational ecosystem in India.

In 2022, we embark on **Phase 4**, our fourth strategic phase. We have a bold and ambitious ten-year journey ahead of us that aims to **grow 50,000 leaders**, who will **work collectively**, and **with love**, to **transform the lives of 1 in 10 low-income children in our regions**, through an **education that unleashes the potential of self, others and India**. In this decade, five key priorities will lead us to this vision.

1. **Strengthen** our core Fellowship to build strong teacher leaders who provide an excellent and equitable education to our children and continue to do so beyond the Fellowship
2. **Scale** our impact by strategically introducing additional Fellowships as alternative pathways for leadership development
3. **Match** the Alumni of our programs at an intersection of their interests and the needs of the system and our children
4. **Advocate** for key issues that impact educational equity, and engage 3.5% of the population in the movement for educational equity
5. **Act** collectively with our Alumni to learn about and address key issues in our regions.

Our work will only be completed when we have built a movement of leaders that is large enough to ensure that every child in India attains an excellent education.

We pride ourselves as being a passionate, idealistic, mission-driven team of individuals. We're committed to learning and excellence in our roles, and to being deeply rooted in our core values.

What Teach For India Can Offer You

- The opportunity to be part of one of the most established and visionary movements in the education sector in India which is at a pivotal point in terms of expanding its scale and outreach across the nation and working with changemakers across the country.
- A challenging yet flexible workplace in which every individual employee's Staff journey is tracked for excellence and leadership development.
- A work environment in which employees' holistic well-being is a core priority, enabling people to be their best selves.
- Access to connections and resources from the global Teach For All network that includes partner organizations spanning 50+ countries across 6 continents.
- Remuneration that is competitive within the top quartile of the Indian NGO pay scales, and a benefits package that includes extensive medical insurance and maternity coverage for both parents.

Position Summary

Reporting to: Regional Lead for Candidate Success & Admissions

Candidate Admissions is the final and critical stage of the Reruitment process. The Recruitment Manager (RM) is responsible for ensuring candidates who have received an offer confirm the same, get onboarded smoothly and join the program successfully. It involves coaching people and working deeply with them towards the life changing decision of joining this movement.

Note: This role will be an on-ground role that will involve travel, including in-person time with relevant stakeholders, meetings with high potential candidates, and conducting events at different venues.

Team Overview

The Recruitment team advocates to get the greatest leaders into our classrooms to ensure Teach For India's multiplied impact on the Indian education system. The team has the responsibility to influence the future lifepaths of tens of thousands of young people to make the bold choice of doing something for the India that they always dreamed of. As an external-facing team, we build the brand, visibility and aspiration of Teach For India through engagement with the top institutions of the country, media partnerships, branding and promotion campaigns. The team creates strong champions for the movement by identifying, investing and leveraging influencers, and nurturing partnerships with college and corporate stakeholders. The team provides avenues for prospective applicants to meet with Fellows, Alumni, Staff and Students. Internally, the team works alongside several teams to ensure that the organisation acts as one team in its mission to find our movement of leaders who will eliminate educational inequity and ensure that all children attain an excellent vision.

Responsibilities

As a Manager, Admissions

- **Strategy planning and execution**

- Create compelling regional strategies to engage selected candidates, and bring them into Teach For India's institute training. This would include planning and executing inspiring campaigns and events that helps incoming Fellows deeply understand and internalise their roles as Fellows.
- Develop a strong placements strategy to ensure that all 8 Teach For India regions receive an adequate number of Fellows based on their regional needs.
- Create a rigorous, efficient and simple onboarding strategy to bring them into Teach For India's training institute.

- **Candidate Management**
  - Serve as the primary point of contact for selected candidates, by building strong one on one relationships with each of them. Support them in overcoming barriers towards joining the Fellowship
  - Invest them in the vision and mission of Teach For India, and ensure they’re taking all steps needed to be ready for their Institute training.
  - Set clear and authentic expectations about their Fellowship experience by exposing them to classrooms & communities, Fellows, Alumni and the organisation.
- **Internal collaboration and communication**
  - Understand the manpower requirements of the 8 regional teams.
  - Provide timely updates to various verticals - Fundraising, Training, Regions, Senior Leadership - on the placements progress on an ongoing basis.
  - Manage a sound candidate dashboard and onboarding platform with the Technology team.
  - Coordinate with the Training, HR, Administrative and Finance teams for a smooth transition during the Onboarding process.
  - Leverage relevant Fellows, Alumni and Staff members for events and engagements.
- **Operational backbone**
  - Set and manage strong systems and processes for maintaining consistent operations
  - Ensure monitoring & evaluation mechanisms to keep track of progress
  - Conduct quarterly reports to understand progress made and course corrections
  - Use salesforce effectively for documentation as per team guidelines

As a Manager at Teach For India

- Contributing to **the team goals and priorities** beyond individual goals and priorities
- Serving as an **ambassador of the Teach For India brand** and an advocate for our work and for educational equity in our country through both internal and external communication after commiting time in our classrooms to understand

our work more deeply
