UI/UX Designer JD

Job Title: UI/UX Designer

Company: Wix Freaks

Location: Mumbai, India (Remote work option available)

Salary: ₹50,000 per month

About Wix Freaks:

Wix Freaks is a leading web design and development agency specializing in creating exceptional websites primarily on the Wix platform. With a strong focus on international clientele, we have successfully delivered projects for over 500+ clients across diverse industries. Our dedicated team of 8 professionals is committed to delivering outstanding customer experiences through cutting-edge design and development solutions.

Job Description:

We are looking for a talented and enthusiastic UI/UX Designer to join our team at Wix Freaks. The ideal candidate should have a strong foundation in Figma and essential design skills, with 0-2 years of experience in the field. Experience with Canva is a plus. As a UI/UX Designer, you will collaborate with our team to create visually appealing and user-friendly websites for our international clients.

Responsibilities:

- Collaborate with the design and development team to create engaging and visually appealing website designs using Figma and Canva.
- Develop and maintain design documentation, including wireframes, mockups, user flows, and interactive prototypes.
- Understand client requirements and translate them into functional and visually appealing designs.
- Keep up-to-date with the latest UI/UX design trends, techniques, and technologies.
- Participate in design reviews and provide constructive feedback to improve the overall design quality.
- Work closely with the development team to ensure the successful implementation of the designs.
- Assist in gathering user feedback and iterating on designs based on user needs and preferences.

Requirements:

- 0-2 years of experience in UI/UX design, preferably with a focus on website design.
- Proficiency in Figma and other essential design tools. Experience with Canva is a plus.
- Strong understanding of design principles, user-centered design, and responsive web design.
- Excellent visual design skills, including typography, layout, and color theory.

- Ability to work in a fast-paced, collaborative team environment.
- Strong communication skills, both written and verbal, with the ability to articulate design decisions.
- A portfolio showcasing your UI/UX design work is required.

Preferences:

- Candidates who can relocate to Mumbai and work in-office are preferred.
- Remote work is available as an option for exceptional candidates.

At Wix Freaks, we value flexibility and prioritize getting the work done. We offer:

- Flexible work hours to accommodate your personal and professional needs.
- Opportunities to work directly with international clients, enhancing your global exposure and networking opportunities.
- Collaboration with a diverse, talented, and supportive team that encourages creativity and personal development.
- Learning and growth through hands-on experience and mentorship from industry professionals.
- Contribution to a dynamic and innovative company culture, where your ideas and input are valued.

If you are passionate about UI/UX design and want to be a part of a growing company with a strong international presence, apply now to join the Wix Freaks team!

To apply, please submit your resume, cover letter, and a link to your portfolio to [your email address]. We look forward to reviewing your application.
