JOB DESCRIPTION

POSITION: **Sr. Project Coordinator – MIS** **LOCATION:** **Delhi**

REPORTS TO: **Vice President** **LEVEL/GRADE:** **Coordinator**

About ACCESS:

ACCESS Development Services is a national livelihoods promotion organization with a focus on incubating innovations and developing sustainable models for livelihoods promotion of the poor. To this end, ACCESS is structured uniquely to work at all levels of the value chain – implementing programmes on the ground (Tier I), working with Civil Society Organizations, Government Departments, Corporate sector, and Multilateral / Bilateral Agencies (Tier II) as also undertaking national initiatives to influence and support policy initiatives and strengthening the enabling environment (Tier III). ACCESS, with its head office in New Delhi has a pan-India presence having state offices in 9 states and 26 project offices. More at www.accessdev.org

A short summary about the Project

Position Summary:

The MIS Coordinator will be responsible for ensuring that appropriate M&E systems and MIS are developed and implemented in close collaboration with all team members and data is reported in consolidated, comprehensive and timely manner to facilitate the programme team in delivering project outputs in a manner that they achieve the desired outcomes and impacts. The MIS Coordinator will further ensure that the system developed is in alignment with the requirements of the External Evaluation Team appointed for carrying out M&E of the project on an ongoing basis.

Specifically, the MIS Coordinator will perform the following activities:

A) Data Management & Analysis

- Collection of data from project areas and analysing it to generate meaningful information through statistical analysis.
- Management and maintenance of computerized records of project beneficiaries and project activities.
- Verification of quality and accuracy of reported data through telephonic means and through travel to field locations on need basis.
- Providing accurate and timely information as required for project level reporting and for decision-making at the project level.
- Assist project team on methods of accessing information and to provide training to field teams on the collection of data and use of MIS.
- Preparation of various project reports to meet the needs of all stakeholders.

Building and sustaining High-Trust, High-Performance Culture™

B) Monitoring and Evaluation

- Design M&E systems and develop output, outcome, impact and sustainability indicators for the project along with data collection systems and tools against these identified indicators.
- Review and analyze weekly, monthly, quarterly reports to identify the causes of potential bottlenecks in project implementation and to enhance quality of reporting.
- Organize monthly project review meetings on virtual mode for team members across all project locations.
- Tracking project performance in each location and overall by comparing actual outputs and outcomes against planned, identifying gaps and sharing the information to project team.
- Suggest strategies to the Management for improving the efficiency and effectiveness of the project by identifying bottlenecks and suggest ways to resolve these.

Education & Experience:

- PG in relevant field
- Atleast 1 years' experience in the design and management of M&E/MIS in rural development projects implemented by national / international NGOs / Government.
- Experience in designing strategies, formats and tools for data collection, analysis, database management, evaluations and development of reports.
- Ability and experience of training field teams on data collection and data collation.

Skills and Competencies:

- Proficiency in using MS Office (specially MS Excel) and other software for statistical analysis and MIS.
- Strong interpersonal skills and experience in engaging and coordinating with teams in multiple locations
- Good command of English and Hindi languages
- Ability to travel to project locations (remote locations) on needs basis

Travel Requirement

As and when the project demands. Mainly for project activities and marketing related requirements.
