## About Us

August One is a private investment firm in Singapore and Portugal. Through our family office, venture and investment platform, we focus on enabling exceptional people to make a significant impact on the way we live and work – and on the world as a whole.

We work closely with governments, research institutes, corporations and family businesses to support founders in building and scaling successful businesses with a global impact. Learn more on www.august.one

## Job Description – Investment Associate

August One is currently looking for an Investment Team Lead to support the investment team in identifying, evaluating and executing investments in Singapore, Europe, India and other countries as required. Additionally, the candidate will participate in the development and growth of the firm by undertaking projects such as knowledge creation, Process update, Event organization and Fundraising.

Through the work, the successful candidate will get the skills, experience and network to identify and execute investments and will get a clear understanding of how a small, fast-moving investment firm works. S/he will meet with multiple companies and learn how to structure investments. S/he will report directly to the Investment Director.

**The specific responsibilities for this position:**

- Identify companies for investments by building a network within the local startup ecosystem, attending events, following up on leads from other members of the firm.
- Validating companies by reviewing the relevant data (addressable market, competition, technology and management teams, etc …)
- Prepare investment documentation and valuation models to evaluate the proposed investment, supporting the IC process
- Monitor and track the progress of all invested companies, developing financial models and predictions to exit our positions.

**Eligibility, desired skills and personal traits:**

- Previous work experience, ideally in management consulting, family office, startup or equity research.
- Strong quantitative and analytical skills, detail oriented, proactive and self-motivated. ● Knowledge of basic investment industry terminology.
- Strong interest in VC/PE and Startups.
- Strong verbal and written communication skills in English, other languages are a plus. ● Proficiency in microsoft office tools such as Excel, Powerpoint, Word.
- Ability to work independently while functioning as part of a team.
- Strong attention to detail, quick learner, outcome oriented, able to work with deadlines. ● Curious, open-minded, natural leader, confident, diligent, organized and enthusiastic.

**Compensation:**
Our salary band for analysts is INR 7-15 LPA depending on the candidate and experience level.
