bloom

Looking for a challenge ?

A bit about us :

Over the past eight years, the Bloom brand has revolutionized the mid-market hotel space with a highly innovative, outstanding product and proprietary cloud-based tech platform. Today we are widely recognized as one of Asia's leading affordable hotel brands, winning praise from leading industry experts and international journals. Bloom currently operates segment-leading hotels across India's top markets, including Mumbai, Delhi, Gurugram, Bengaluru, Hyderabad, Goa, Amritsar, Udaipur & Ahmedabad to name a few. The company is set to grow to 100 hotels by 2024 and is aggressively exploring new markets.

The role : Product Development Associate

Working directly with Bloom's Chief Product Officer to :

+ Perform extensive research on current user base, deeply profile users & create meaningful user segmentation
+ Analyze competitors, their performance & their user base
+ Track & monitor hotel product performance across key performance criteria
+ Suggest & implement new features to ensure hotel product remains industry leading
+ Work with BloomTech™ team to developer future tech products (e.g. Guest App) & help lead role out across our hotel portfolio
+ Work on future Growth plans through location analysis, product & brand analysis

What we are looking for :

+ Someone who's extremely ambitious & wants to play an important role in building India's next big travel brand
+ A roll up your sleeves & get it done style of working, marked by a high level of energy & attention to detail
+ Strong verbal & written communication skills
+ Unwavering commitment to getting things done, whatever it takes
+ Team player who can grow into a leadership role in due course

Location : Janpath, New Delhi

CTC : 8-11 Lacs

Work Experience : 0-2 years
