CAPITEL

Candidate Profile: Analyst

Function: Transaction Advisory
ID: AN2023-08
Location: Dubai

We are commercial transaction advisors for investment evaluation and due diligence of $1bn+ deals in the TMT industry. We advise on transactions in digital Infrastructure and digital assets.

Our client base includes global private equity funds, hedge funds and operators. In the last five years, we have advised on more than sixty transactions with a cumulative deal value of fifty billion dollars. In 2024, we expect a majority of our engagement work to be within Asia-Pacific and EMEA.

Capitel is headquartered in Singapore with offices in Gurgaon and Dubai. This position will be based in Dubai with expected travel within the EMEA region including GCC markets and Africa.

Profile details

- We are looking for Analysts from Tier-1 schools with strong academic credentials.
- Candidates should have logical thinking and communication skills, and willingness to learn complex Excel modelling and other quantitative analysis tools. We do not expect any prior understanding of technology and will train candidates over projects and in training programs once they start with us.
- An Analyst at Capitel has a strong work ethic with a client-first mindset. They are able to deal directly (in-person and on calls) with senior client teams and can travel as required. The project work will be mix of advisory engagements in digital infrastructure and digital assets.
- The candidate will be based in the Dubai and will be expected to manage clients, lead small engagements and support business development in the EMEA region.
- The expected range of CTC is AED 200,000 to AED 240,000 including variable compensation and allowances.
