We help our clients to achieve either or all business goals:
1. Online Lead Generation
2. Total Brand Management (Right from the Scratch)
3. Niche/ Though Leadership Marketing
4. Building Alliances and Partnership
5. Sourcing and Collaboration
6. Community Building and Engagement

We work at all levels of Digital/Social media -covering Business, Functional and Operational levels.

Our Service portfolio includes-
1. Digital & Social Media- Consulting, Training, Campaigns and Projects
2. Total Online/ Personal Branding
3. Digital Social Media Marketing Office
4. ITES/ Pre Sales Support/ Market Process Outsourcing

We put to action our Proprietary Frameworks, Methodologies and Models which are tried and tested. Some of them are:
1. C-Suite © (Digital Media Campaign Design & Implementation)
2. KASA © (Total Online/Personal Branding)
3. PROFIT © (Virtual Digital Social Media Marketing Office)
4. Power of 5 (Web, Content, Visuals, Internet Marketing & Social Media Campaign)

How We provide an Edge to our Clients-
• Professional Working with Proprietary Methodologies making us more Process & Results oriented
• Integrated Project Management best practices (as learnt from IT/ITES) in to Digital/Social Media Campaigns
• Work at all 3 levels-Strategy to Planning to Implementation. Business, Functional and Operational
• Ensuring Real Time Communication to give transparent visibility on Time and Efforts as put on your campaigns
• Working with Market/Web Analytics to ensure maximum RoI

Job Description(Major KRAs) -

1. **Secondary Research**
    - Perform valid and reliable market research SWOT analysis
    - Interpret data, formulate reports and make recommendations
    - Use online market research and catalogue findings to databases
    - Compile and analyze statistical data using modern and traditional methods to collect it
2. **Campaign strategy**
    - Identifying client objectives and advising on suitable measurement strategies
    - Benchmarking performance across all online channels and advising on KPIs
    - Using methodical performance analysis to influence/support campaign strategies
3. **Reporting and Analysis**
    - Developing custom marketing dashboard concepts for client reporting via Excel
    - Reporting on key metrics, analysing and interpreting trends and providing actionable insights based on available analytics data
    - Analysing the effect of different online and offline channels on each other and developing and implementing innovative strategies for improvement and growth
    - Analysing online user behaviour, conversion data and customer journeys, funnel analysis and multi-channel attribution
    - Performing ROI analysis to evaluate efficiency and effectiveness of different marketing campaign

- Performing ad-hoc analytics and conversion optimisation consultancies for clients and influencing conversion optimisation strategies with solid analytical data

4. **Client focus**
    - Delivering regular reporting and analysis documentation to clients and presenting findings or test results in person or via conference calls.

What kind of people are we looking for? Simple:

- We don't like experts, we prefer people who are always willing to learn and are able to learn quickly
- Not a mere task taker.
- Ability to work with deliverables in mind.
- Entrepreneurial instinct beyond office cubicle
- Intelligence to do multitasking and prioritization of work
- Excellent communication skills- written oral and articulation.
- Ability to initiate/participate with intelligence, thoughtful new ideas in business discussion and meetings.
- Instinct of exhaustive reading, research ,analysis beyond the conventional format and adding value to the deliverables
- Strong strategic bent with inclination towards learning and contributing.
- Adaptability and flexibility to work with cross-functional areas of business.
- Zeal to be driven by productivity than by activity
- Self discipline and ability to do work with self supervision.
- You do what you preach, or at least try
- You not only work hard, you party hard too
- You have an eye for detail
- If you're a (regular) blogger, we already love you!
- You are a DIY person. Period
