

Hello, **Early Steps Academy**, founded and led by a team from **Harvard and IIT,** is a **global education venture** exposing school children to 1000+ essential modern subjects (Crypto, Climate, Space etc.) and 21st-century skills (Critical Thinking and Communication). With students from 60+ countries, the academy has quickly grown its global footprint. We have small group online live sessions, pre and post-class world-class self-learning content for children to grow 10X confident in the real world.

Founder's bio: https://www.linkedin.com/in/sneha-biswas25/

Organization's Website: www.earlysteps.co

We are now building our leadership team and would love to chat with you. If you are a hardworking person who doesn't let your guard down, here is a great opportunity to be an entrepreneur and be a part of this journey :

● You will have super interesting & challenging problems to solve
● In a super fast-paced environment that will challenge you
● An opportunity to bring a change to the world and to be the face of that change
● Mentorship plus recommendation from the founder

Skills requirement :

● An insatiable intellectual curiosity to identify and implement new ways to continually improve results.
● "Harder, better, faster, stronger" - you are relentless and won't stop till we've made education better for the 2 Billion school-going children worldwide.
● Results-oriented, both for our bottom line and our social impact.
● "Do not rest on your laurels" - don't fall back on old habits; you constantly look for new approaches and solutions.
● Put the needs of others first to help people develop and perform as highly as possible as a servant leader
● You believe in and work to uphold Early Steps Academy's highest-level values, both within the office walls and with our customers around the world.

Role: Generalist

The ideal candidate is an entrepreneur-at-heart with fantastic communication skills. You are

a highly analytical, critical thinker who has an insatiable hunger to solve problems in a fast-paced environment with the ability to think quickly on your feet and manage through ambiguity and adversity of a quickly growing industry. This is an incredible opportunity to take an operational, but young business to the next level and help Early Steps Academy solve one of the world's most important problems, high-quality education for the next generation.

Job Responsibilities:

● Own responsibilities across domains such as strategy, marketing, operations, and partnerships to unlock opportunities for Early Steps Academy
● Work on special projects which are essential for the growth of the businesses
● Work on existing products and design new ones to drive key business metrics for the company.
● Identify gaps and roadblocks that functions are struggling with & troubleshoot them.
● Act as a business mind & analyst to drive business activities, develop and maintain relationships with key stakeholders. Create insights, learnings and synthesize updates for the leadership.

Must-have:

● Can "get things done" in the most efficient manner (natural problem solver)
● Desire to go above and beyond (extremely hard working)
● Can switch between varying tasks (will you be okay looking at financials at 10 a, talking to parents at 11a, interviewing new candidates at 12p, back to financials at 1p?)
● Desire to do anything and everything as needed for the venture to succeed
● Alignment to our core value of Early Steps Academy

<u>What will you get?</u>

- **Handsome salary - 8-10 LPA**
- **Global** exposure
- **Upskilling opportunity** while impacting the lives of young children globally
- Exciting **Career growth**
- **Excellent mentorship** under the guidance of Harvard, IIT alumni
