Job specifications:

Consultant – GPS – Performance Improvement

2024

Consultant – GPS – Performance Improvement

At EY, our purpose is to build a better working world for our clients, our people and our communities. We strive to help create a legacy of improved business performance, confidence and trust. Through Performance Improvement service line under advisory services, we assist our clients' in improving their performance in the core business by delivering measurable and sustainable improvement across various sub solutions – Finance, Customer, Strategy, Supply Chain and People & Organization.

Performance Improvement team advises clients on how to solve their most important and challenging business issues. It is EY's practical approach to business issues that attracts clients and gain effective results that benefits them in the sustainable long term. Our extra-ordinary execution/implementation skill differentiates us from various other consulting companies. As a market – leading global transformation advisor, we help turn strategy into reality. Our advisory services help our clients implement enterprise-wide performance transformation initiatives.

Our strategy professionals help clients to develop and execute strategy. They generate insight into the client's business and deliver recommendations to drive growth or reduce cost. Few areas as follows:

- Formulating growth strategy using existing potential and mapping external factors
- Develop organisational strategy/vision for next 5-7 years with various business projections
- Assist clients in implementing already developed strategies
- Help clients with market entry strategy and product portfolio strategy
- Strategic and commercial due diligence of business plans

The opportunity

You will be responsible for executing client related engagements under the supervision of seniors. You shall assist Senior Consultants & Managers in developing proposals for various opportunities and assist in building and contributing to internal knowledge database and other related internal initiatives. Determine that work delivered is of high quality meeting client requirements and standardise existing solutions and their work products so that it can be resourced and leveraged by other working teams within EY.

Your key responsibilities

- Take full responsibility for tasks, including consistent self-review of work to identify and improve an approach for producing high-quality work products, while working under supervision
- Develop Sector focus gradually (basic understanding of the industry, trends, issues/challenges & key players) based on the industry group alignment.
- Exhibit initiative and participate in corporate social events.

Skills and attributes for success

- Possess good business acumen and remain current on new developments in advisory services, capabilities and industry knowledge

To qualify for the role you must have

- A degree in engineering – BE/B. Tech with good academic track record
- MBA from repute B. School
- 0-3 year of relevant work experience

Ideally you'll also have

- Strong oral and written communication, facilitation, relationship-building and presentation skills
- Be highly flexible, adaptable, and creative
- Willing to travel extensively

What we look for

People with the ability to work in a collaborative way to provide services across multiple client departments while adhering to commercial and legal requirements. You will need a practical approach to solving issues and complex problems with the ability to deliver insightful and practical solutions.

What working at EY offers

EY is committed to being an inclusive employer and we are happy to consider flexible working arrangements. We strive to achieve the right balance for our people, enabling us to deliver excellent client service whilst allowing you to build your career without sacrificing your personal priorities. While our client-facing professionals can be required to travel regularly, and at times be based at client sites, our flexible working arrangements can help you to achieve a lifestyle balance.

About EY

As a global leader in assurance, tax, transaction and advisory services, we hire and develop the most passionate people in their field to help build a better working world. This starts with a culture that believes in giving you the training, opportunities and creative freedom to make things better. So that whenever you join, however long you stay, the exceptional EY experience lasts a lifetime.
